# INTRODUCTION

This report is a revision of the publication "European Educational and Charitable Institutions Receiving Support From Jewish Federations and Welfare Funds in 1936", issued by the Council of Jewish Federations and Welfare Funds to member agencies in December 1937. It includes, in addition, data on yeshivoth not listed in the previous report (forty-one in total), seven central school organizations, and three relief and welfare agencies.

As in the case of the previous publication, these organizations do not represent a complete inventory of existing institutions in Europe. All of the organizations covered received support from one or more of the welfare funds which reported to the CJFWF their allocations to non-local causes for 1937 and 1938.

INCLUSION IN THIS VOLUME DOES NOT SIGNIFY
APPROVAL OR ENDORSEMENT OF ANY ORGANIZATION

The American Jewish Joint Distribution Committee has supplied much of the information, which it has secured directly from the European institutions for the year 1937. More recent data is not yet available, due to delay in obtaining new reports and the necessity of checking information by correspondence with the institutions. There has been no verification of the financial data supplied by the agencies. Reports in foreign currency in all cases have been converted into dollars at the current official rate of exchange.

American offices are listed in individual reports where addresses are available.

The CJFWF suggests that welfare funds should send their appropriations directly to the institutions abroad rather than to the American offices.

The JDC has expressed its willingness to assume responsibility for transmitting to European institutions, funds specifically earmarked for them by welfare funds. Such donations will not be considered as contributions to the JDC, or as representing JDC grants to overseas institutions, but will be forwarded as extra-budgetary allotments to be made in accordance with the instructions of the contributing welfare funds.

Appreciation is due to the secretaries of the Central Relief Committee and the Cultural Committee of the JDC, who expended much time and effort in compiling the material on which this report is based, most of which had to be culled from the detailed reports submitted by the agencies in Hebrew and Yiddish.

The original Beth Joseph Yeshivah was founded in Nowogrodek, Russia, in the last quarter of the 19th century, by Rabbi Joseph Yoizl Hurwitz, disciple and follower of Rabbi Israel Salanter. After the revolution in Russia, the Yeshivah was moved to Poland, and branched off in various cities. There are now about 36 yeshivoth in Poland, Latvia and Palestine, which trace origin to the Nowogrodek Yeshivah. They have all retained the name Beth Joseph, but are independent of each other in financing and management. Those which appealed for funds in the United States during 1937 and 1938 are located in the following cities in Poland, and Latvia, and separate reports on them are included in this study:

Dwinsk (Daugovpils) Latvia
Lutzk, Poland

This is the main institution of a group of Yeshivoth founded in 1898 by the Lubavitcher Rabbi, Isaac Joseph Schneerson, in Lubavitch, Russia. With the advent of the Bolshevik regime, they were transferred to Poland. In 1937 the main branch in Warsaw-Otwock (founded in 1921) had six classes and a total number of 298 students, aged 12 to 26. Eleven teachers were employed. There are seven branches located in the towns of Glubnow, Cholm, Chmelnick, Lodz, Potschinov, Stopnitz, and Wilna. The total number of students in these branches is 306. There is also a branch in Jerusalem known as the Yeshivah Torath Emeth, which has a separate administration.

Income and expenses were reported as follows:

| INCOME 1937 | | EXPENSES 1937 | |

London, N.16, England

Note: Information obtained by interview with the secretary of the American Committee, from JDC and from publications of the organization. More detailed information on the Palestinian schools has been obtained from the Vaad Leumi and is available at the office of the CJFWF.

The Beth Jacob Schools for Girls were organized originally for the education of Jewish girls in Eastern Europe. The first school was founded in Krakow, Poland, in 1922.

There are now over 248 elementary and religious Beth Jacob Schools in Poland, Austria, Roumania, Lithuania, Latvia and Palestine, with a student body of over 35,000. Most of the schools teach Jewish subjects only. Teachers' courses are offered at Czernowitz, Roumania; Krakow and Warsaw, Poland. A Teachers' Seminary in Vienna has been discontinued.

A central administrative committee is located in London and is composed of representatives from each country in which schools are located. The committee works under the supervision of the Agudas Israel Organization, whose educational methods are used in the curricula of the Beth Jacob Schools.

The American Beth Jacob Committee was established in the United States to raise funds for the central organization. It maintains an office at 2 West 86 Street, New York City, and is the only body in the United States authorized by the central administration to collect funds for the Beth Jacob Schools in both Europe and Palestine.

The following financial statement was submitted by the secretary of the American Committee, and represents the reported financial experience of the central administration in London:

| INCOME 1938 | | EXPENSES 1938 | |
|---|---|---|---|
| From America* | $ 8,000 | Subventions to schools | |
| From England and Holland | 2,500 | Poland | $ 5,200 |
| From Sweden | 1,000 | Palestine ** | 3,375 |
| From Switzerland | 200 | Roumania | 700 |
| From British-Polish Appeal | 800 | Salaries and pensions | 2,500 |
| | | Office expenses | 650 |
| TOTAL INCOME | $12,500 | TOTAL EXPENSES | $12,425 |

* The JDC reports that in 1938 it granted $2,400 to the Beth Jacob Schools through the Central Relief Committee. An additional sum of $5,725 was granted by its Paris office for building repairs in Poland. According to the secretary of the American Beth Jacob Committee, only the $2,400 JDC grant was included in the receipts from America, as listed in the above table, the balance of the funds from America representing receipts of the American Beth Jacob Committee. The $5,725 grant of the Paris office of the JDC does not appear in the financial statement submitted to the CJFWF.

** There are 16 Beth Jacob Schools in Palestine. Since they receive annually from the Central administration in London approximately $3,000, they have agreed not to solicit funds in the United States. One school, the Beth Jacob of Tel Aviv, is not cooperating in this arrangement and, although it receives funds from the central Beth Jacob office, continues to solicit contributions separately in the United States.

An audited statement submitted by the American Committee for the period January 1, 1937 to June 30, 1938 indicates that income from contributions in America totalled $13,449, of which $7,267 was sent abroad to the London office. Office expenditures during the same period totalled $5,745, the largest items of which were the cost of printing and stationery ($1,579) and the commission of the secretary of the committee ($2,590 - approximately 20 percent of receipts). The committee pays no rent, the office space being donated.

Members of the American Committee are:

Chairman - Rabbi Leo Jung
Members - Mrs. Rebekah Kohut
- Mrs. Felix M. Warburg
- Dr. Cyrus Adler
Secretary - M. Schonkolewski.

Note: Information obtained from report in Yiddish of the Executive and Steering Committees to the 22nd Plenary Session of the Central organization, March 1938, and by interviews with a member of the American Committee and a representative from the Praesidium in Poland, July 1939.

The Central Yiddish School Organization was founded in Warsaw in 1921, following a meeting of representatives of Jewish workers' organizations. It conducts secular public schools throughout Poland. The main language of instruction is Yiddish. Emphasis is also placed on manual training. In other respects the curriculum resembles that of the government primary schools.

The following table indicates the type and the size of schools included in the system in 1937:

| Types of Schools | No. of Schools | No. of Classes | No. of Students | No. of Teachers |
|---|---|---|---|---|
| Kindergartens | 11 | 11 | 320 | 14 |
| Elementary schools | 86 | 405 | 10,936 | 591 |
| High schools | 2 | 20 | 650 | 32 |
| Afternoon schools | 5 | 10 | 230 | 7 |
| Evening schools | 65 | 186 | 4,350 | 98 |
| Total | 169 | 632 | 16,486 | 842 |

In addition to maintaining the schools, the central administration conducts special training courses at Warsaw, attended by 60 to 65 persons; maintains a free employment office for teachers; operates clubs where children coming from poor homes receive food and planned recreation; and maintains summer colonies accommodating approximately 12,000 children.

The organization is administered by a praesidium of four persons. Supervisors travel throughout the country inspecting schools and suggesting changes in curriculum. The budgets of the school must be approved by the central organization before its subsidies are made.

Finances

Although no report has been issued indicating the finances of the affiliated schools, it was reported that many of them have experienced financial difficulties, since collections in Poland have fallen off. Government subsidies were granted in former years, largely by the local government. These have been discontinued, and at present no financial aid is received from government sources. Deficits in budgets occur frequently and the schools have difficulty in paying the salaries of the teachers.

The following financial statement is summarized from the report to the plenary session of the central organization. It represents the experience of the central organization, and does not include the finances of the affiliated schools. It covers the period September 1936 to August 1937. Later information has been requested from the Warsaw office, but has not yet been received.

| | | | All other expenses | | 4,262 |
| TOTAL INCOME | | $50,788 | TOTAL EXPENSES | | $48,503 |

The balance of $2,285 represents cash on hand, to be turned over to the schools as subsidies.

* During 1938, the JDC granted the organization a total of $20,411.

** The one-time grants were as follows:

| | |
|---|---|
| Federation of Polish Jews of America | $2,540 |
| Jewish Labor Committee | 2,629 |
| London Federation of Polish Jews | 728 |

*** The JDC makes substantial contributions to the TOZ.

The Relief Campaign for the Jewish Masses in Poland, the new name of the American campaign, maintains an office at 175 East Broadway. It raises funds for the Zisho schools, and also for the Medem Sanitorium (see special report, page 60).

The American campaign for the school system was initiated in March 1937. From March 1, 1937 to December 31, 1938 the following income had been received:

| | |
|---|---|
| Campaigns in various cities | $17,030 |
| Contributions from Workmen's Circle branches and schools | 6,190 |
| Contributions from unions | 3,785 |
| Welfare funds (4 cities) | 1,000 |
| Contributions from individuals | 3,147 |
| Jewish Labor Committee | 5,000 |
| Other organizations | 8,512 |
| Schools, camps, social affairs and miscellaneous | 1,152 |
| Received for Medem Sanitorium before its special campaign was started | 2,292 |
| TOTAL INCOME | $48,108 |

Expenses of the campaign are shared jointly by the school organization and the Sanitorium, deductions for expenses being made in proportion to the amount raised for each. During 1938 expenses were as follows:

| | |
|---|---|
| Salaries | $ 3,016 |
| Rent | 480 |
| Telephone and telegraph, postage and stationery | 704 |
| Expenses of delegate from Poland (15 months) | 2,200 |
| TOTAL EXPENSES | $ 6,400 |

Approximately 80 percent of the expenditures, or $5,120, was borne by the school organization, and 20 percent, or $1,280, by the Sanitorium.

## CHOREV ORTHODOX SCHOOL ORGANIZATIONS

Warsaw Organization:
Rabbi Jacob M. Byderman, President
Zamenhof 1
Warsaw, Poland

Wilno Organization:
Rabbi Ch. O. Grodzienski, President
Wielka 47
Wilno, Poland

The Chorev Organization coordinates, supervises, and financially supports elementary and higher schools throughout Poland. It is under the supervision of the Agudas Israel Organization of Poland.

Central administrative bodies have been set up in two sections of Poland. An office in Warsaw controls the schools in Congress Poland, including Galicia. The office in Wilno covers schools in the region of Wilno, including the District of Wolyn.

The elementary schools, under the jurisdiction of Chorev, offer primarily religious education, but in many cases provide secular education. Some of the higher schools or yeshivoth in the Chorev system are similar to high schools, while others are graduate institutions where only religious subjects are taught.

The following table indicates the size of the Chorev School Systems:

| | Under Jurisdiction of Warsaw Office | | | Under Jurisdiction of Wilno Office | | |
|---|---|---|---|---|---|---|
| | No. of Schools | No. of Students | No. of Teachers | No. of Schools | No. of Students | No. of Teachers |
| Talmud Torah and Chaderim | 250 | 36,481 | 1,413 | 147 | 18,276 | 652 |

| Total | 410 | 49,720 | 1,945 | 220 | 24,289 | 779 |

Certain schools operate their own summer colonies for children. In addition, the Central Chorev of Warsaw operates a colony at Dlugosiodlio, which accommodates five hundred children each summer.

Finances - The Warsaw and Wilno offices operate on separate budgets, and have reported their financial experience for 193 7 - 1938 as follows:

See page 52 for footnotes to above table

Footnotes to table of Income and Expenses, 1937-1938, Warsaw Chorev Organization, page 51, are as follows:

* During 1938 the JDC granted the Warsaw branch $1,100 through the Central Relief Committee, and $4,000 through its Paris office, for building repairs and equipment. The sum of $1,042 was granted for summer colonies. These figures do not agree with the items in the above table because of a difference in fiscal years.

** Tuition fees are paid only in the elementary schools. The Yeshivoth charge no tuition.

***Yeshivoth under the jurisdiction of the Warsaw office of Chorev, which appeal separately for funds in the United States, are:

Str. Cuze Voda 8
Cernowitz, Roumania

The Society Morgenroit was organized in 1908. It conducts one elementary and six trade schools in Roumania for children of workers' families. The language of instruction is Yiddish. The Society has given financial assistance to many affiliated institutions, particularly for essential needs, such as providing food for children. Detailed information regarding the types of institutions subventioned in this manner are not available. The Society has also organized a legal aid department to assist the Jewish people in Roumania to maintain their citizenship rights.

A complete financial statement is not available. During 1938, the JDC appropriated a total of $1,375 to the Society.

In both 1937 and 1938, the Cleveland Jewish Welfare Fund allotted $50 to the Society.

YAVNEH (JABNE) SCHOOL ORGANIZATION OF POLAND

Address
Rabbi Isaac Rubinstein, President
Jabne
Rymarska, 6

Cross Reference
Central Committee to Aid the Yavneh Institutions of Poland

Yavneh is the central administrative body for a number of orthodox elementary and higher schools in Poland. Jewish studies are conducted in Hebrew. Other subjects are taught in both Hebrew and Polish, and the course of secular studies is identical with that of the Polish government schools. The organization also maintains rabbinical seminaries and trade schools.

During the year 1937 - 1938, there were 227 schools, located in Congress Poland, and the Wilno regions. A total of 29,521 students were enrolled.

The Yavneh organization is under the supervision of the Mizrachi Organization of Poland. The schools themselves are controlled by the central Yavneh administration, which maps out curricula and programs and which, to a certain extent, controls the finances of the schools.

With regard to finances, the central office of Yavneh collects and disburses funds to the institutions in accordance with the needs of each. In recent years, because of reduced income of the central organization, certain of the schools have been given permission to conduct their own fund raising activities within Poland.

For this reason, a financial statement of the central office no longer represents the entire income and expenditures of its schools. The following statement for the year 1937 is therefore an approximation and not an accurate statement of financial experience of the organization:

| INCOME 1937 | | EXPENSES 1937 | |
|---|---|---|---|
| Tuition fees | $214,556 | Teachers' salaries | $359,536 |
| Subsidies from Jewish communities and organizations in Poland | 16,900 | Administration of the Schools | 65,789 |
| | | Expenses of the central office | 8,250 |
| Donations from individuals in Poland | 2,782 | Meals for needy | 14,930 |
| | | Building and repairs | 16,500 |
| Contributions from United States | 3,254 | Vocation fund | 2,060 |
| Contributions from other countries | 2,563 | Miscellaneous | 2,926 |
| Miscellaneous | 3,697 | | |
| TOTAL INCOME | $243,752 | TOTAL EXPENSES | $469,999 |

At the end of 1937 there was an estimated cumulated deficit of $243,752.

The organization has not paid teachers' salaries regularly, and it has been reported that a large portion of the deficit represents unpaid salaries.

During 1938, the JDC granted the organization $900 through the Central Relief Committee. The additional sum of $2,600 was made available by the Paris office for building repairs and equipment.

An American Committee has been established to raise funds for the Yavneh Schools, under the name "Central Committee to Aid the Yavneh Institutions in Poland". An office is maintained at 4 West 20th Street, New York City, the business address of the chairman of the committee.

One collector is employed by the organization. He is a representative of the administrative board in Poland, and travels throughout the United States. Other appeals in this country are conducted by mail from the New York office.

The executive secretary of the American Committee reports that from April 1, 1938 to March 31, 1939 its collections and donations totalled $1,853 (exclusive of the JDC grant), of which $1,241 was sent to the central administration in Poland. The cost of administration and collections of the New York office was reported to be $585 during the same period.

Principal Officers of the American Committee:

Chairman - B. Schnur
Treasurer - Rabbi M. Kirshblum
Executive Secretary - Rabbi A. Pechenick

Committee for Yeshivoth Ketanoth

This committee is under the auspices of the Union of Rabbis of Lithuania. It supplies its member institutions with funds, furnishes legal aid, and serves to unify their activities.

There were 12 preparatory yeshivoth under its jurisdiction in 1937, with a total student body of 910. The schools employ 38 instructors.

In 1937 and 1938 the JDC granted the committee $480 through the Central Relief Committee.

American Beth Lechem Committee

---

The Polish Beth Lechem Society is composed of small relief organizations in Poland, which distribute bread, fuel and clothing to needy individuals.

In recent years the JDC has granted the society small sums, totalling $2,000 to $3,000, largely for Passover relief. It is generally felt that, so far as is possible, the burden of relief should be upon the local communities, and that support from abroad should be for more constructive purposes. In case of emergencies, such as pogroms, fires and other situations outside of the scope of the local community to handle, the JDC makes substantial grants for direct assistance.

According to the executive secretary of the Beth Lechem Society, during 1938 $350 was sent by the American office to its office in Warsaw. Representatives from New York, Boston, Philadelphia and Detroit forwarded an additional sum of $370. The American office is located at 11 Essex Street, New York City.

Officers of the American organization are as follows:

President - Dr. H. L. Gordon
Vice President - M. Rosen
Executive Secretary - Rabbi N. Ben-Horim

Relief Campaign for the Jewish Masses
in Poland

The Sanatorium was founded in 1921 by the Central Jewish School Organization of Poland as a tuberculosis preventorium, primarily for children attending the schools of the central organization. A praesidium of four, including two officers of the Central Jewish School Organization, administers the institution.

The Sanatorium accommodates 280 children regularly. No advanced cases of tuberculosis are accepted. A new pavillion has just been erected for 100 refugee children. The children are clothed by the organization, attend regular school classes, and receive complete medical care.

The children come from poor families and pay approximately $18 per month for their stay, which is generally limited to one month, unless a physician recommends further care. Those who are unable to pay the regular fee are given a reduced rate.

Children are referred by the schools or by the city council. The municipality pays for those children referred by the city council.

A financial statement has been requested from the Sanatorium in Warsaw, but has not yet been received.

A fund raising office is maintained in America, jointly with the Relief Committee for the Jewish Schools of Poland, at 175 East Broadway, under the name Relief Campaign for the Jewish Masses in Poland.

Income received for the Medem Sanatorium by the American campaign was reported as follows for the calendar year 1938:

| | |
|---|---|
| Contributions from individuals | $ 1,394 |
| Workmen's Circle branches and schools | 2,044 |
| Unions | 3,470 |
| Manufacturers associations | 2,016 |
| *Welfare funds (1 city) | 150 |
| **Miscellaneous organizations | 2,323 |
| TOTAL INCOME | $11,397 |

* The Atlanta JWF contributed $150 in both 1937 and 1938.

**Includes $500 from the JDC campaign of Springfield, Illinois. This contribution was made after the showing in Springfield of a moving picture of the Sanatorium.

In 1938 the JDC granted the institution $11,000 through the Paris office.

Expenses of the American campaign are shared with the Relief Committee for the Jewish Schools of Poland. The sum of $1,280 was deducted from the above receipts for office expenditures during 1938.

# APPENDIX

# APPENDIX

In the following tables, the 1937 contributions and 1938 appropriations of a limited number of federations and welfare funds to European and Palestinian institutions are analyzed. The Palestinian institutions are described in the publication "Palestinian Yeshivoth and Charitable Institutions", issued by the CJFWF in November 1938.

The tables show an increase in federation and welfare fund support of the institutions in 1938 over 1937, although there were fewer welfare funds reporting in 1938 than in 1937 (40 as against 46). However, the number of beneficiary institutions increased in 1938, reflecting new appeals by institutions which formerly did not request contributions from American welfare funds.

Table I summarizes the total allotments of the reporting federations and welfare funds in 1937 and 1938 to the European and Palestinian institutions grouped by fields of service. The table indicates the number of reporting federations and welfare funds contributing to each field of service and the number of institutions in each category.

Table II lists the amounts contributed by each reporting federation and welfare fund to the various groups of agencies. Forty-six cities reported in 1937 and 40 in 1938. Twenty-seven cities reporting for both years contributed $28,134 to the European and Palestinian agencies in 1937 and $34,742 in 1938.

Table III lists the European Yeshivoth receiving support from the reporting federations and welfare funds. A tabulation has been made of the income and expense of each yeshivah, the number of students in attendance, the income from federations and welfare funds, and the J.D.C.

Table IV presents similar data for the school organizations.

a - Figures obtained from reports submitted by federations and welfare funds for 1937 represent actual contributions. Figures for 1938 are budget appropriations.

b - In those cities where figures are given for one year only, either reports were filed just for that year or the federation or welfare fund was not in existence in 1937.

* Since some appropriations have not been allocated to specific institutions or have been allocated to institutions which cannot be identified by the CJFWF, the total number of institutions receiving appropriations is incomplete.
