FOREWORD

It is the hope of the Board of Governors of the B'nai B'rith Orphanage and Home for Friendless Children that, by the time this report is in the hands of members of District No. 3 and the subscribers to the maintenance fund, our children will be housed in the new buildings which were dedicated last fall. Thus the second report will mark another step forward in the history of our beloved home. There is every reason for pride in this achievement. The cottages are in every way modern and provide for our wards the nearest approach to real home life that an institution can offer. Indeed we may truly say that the life is in fact the genuine life of the true home. Visitors to the temporary home are delighted and astonished at the total absence of everything which they have been accustomed to see in orphanage and similar charitable institutions. They find the same freedom and individuality in the children, the same attachment to the home and its mother, as one finds in the average private home.

Our buildings are a just pride but the work that is to be done in them must be our real pride and joy. Still it is only wise that the attention of the friends of the home should be called to the fact that these most advanced buildings of their kind in the country have not yet been completely paid for. The directors have not been extravagant in the least, but they have not been parsimonious, and have left out nothing that is essential to the welfare of the children. While the contributions to the building fund have been liberal there is still a large debt to be met.

May we suggest, therefore, that in accordance with lovely Jewish custom it would be of the greatest possible assistance if the friends of the orphan and friendless through the district would remember this institution, the only one that stands ready at all time to accept eligible children from any point within the district, with gifts, donations and bequests, at convenient or memorable occasions?

The Board of Governors trust that this report of the transactions of the institutions will meet with the approbation of the members and subscribers.

PRESIDENT'S MESSAGE

FIRST QUARTER

Erie, Pa., November 15, 1913.

To the Board of Governors of the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3.

Ladies and Gentlemen:—It is with pleasure and satisfaction that I herewith submit the first quarterly report of the second year of our Home. The pleasure exists in the fact that the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3 is a reality and our satisfaction is caused by the splendid work and the good results achieved during the first year of our activities.

At the last meeting of this Board, it was expected that a contract would be let for the erection of permanent buildings. Unfortunately the bids were so excessive that it became necessary to revise the plans and specifications and re-submit bids to the contractors. This was done and since that meeting the Building Committee awarded the contract for two cottages, to accommodate sixty children, also for a kitchen and two connecting pantries, to the Liebel-Binney Construction Co., at a cost of \$40,963.00. Work was started September 30, 1913, and it is to be hoped that the permanent buildings will be ready for occupancy as the contract specifies, on June 1, 1914.

If there ever was a doubt in the mind of any member of the Independent Order B'nai B'rith of District No. 3, of the permanency and success of the Orphanage and Home for Friendless Children, which was unanimously agreed upon in January, 1910, at the Grand Lodge Convention of District No. 3, in the City of Pittsburgh, all such doubt certainly must have disappeared ere this. For, in preparing a review of the work of the Board of Governors, we look back with the satisfaction of a work well done, for when the membership at large carefully noted the first annual report which was mailed to contributors and members, all may realize that the gratification to our members and subscribers comes as a reward not to them, but to this Board.

In commenting on the annual report of the first year's work, your President desires to congratulate the Secretary on the work performed by her, and desires also to publicly express our personal and official appreciation to Mr. Albert Levi for assistance given to our Secretary and in this connection we are not unmindful of the very valuable time given by Mr. Levi to this organization in preparing a system

of bookkeeping, arranging for the books and opening up the same so that in the future the members of this institution may become better acquainted with a detailed history of the receipts and expenditures of our moneys.

While the first annual report was gladly received and eagerly read, we must ask indulgence in the preparation of the same as being our first effort in this direction, many errors and perhaps some omissions were found. These were not intentional, yet we are willing to apologize to any whose names were omitted or whose contributions were not mentioned, or whose efforts in any way have not received due credit.

The life at the Home during the past quarter has been pleasant and agreeable and the Matron reports that the health and surroundings of the inmates cannot, under present conditions, be improved upon. For a time there was not a sufficient supply of water, but this, through the efforts of the Building and Grounds Committee, has been remedied, and we hope that during the coming winter we will be more fortunate than we were last winter, at least the prospects for a sufficient supply of water and heat is more favorable than heretofore.

At the beginning of this quarter there were twenty inmates in the Home. Since then Louis Schwalb was returned to Pittsburgh, from whence he came by reason of the fact that his physical condition was such that to remain with us might endanger the other inmates. The return of Louis Schwalb was in accordance with the action of the local Board, who believed it necessary to take action at once, and we trust that the same will be approved by this Board.

When the present Board of Governors was originally named, it was the intention, in accordance with the laws of the organization, that half of the members serve one year and half of the members serve two years, and that lots be drawn to determine which of the Governors were to serve one year and which were to serve two years. Up to the present time lots have not been drawn and it has not been determined as to the time of service of the present Board. Your President, therefore, recommends that during the present meeting the names of all the members of the Board of Governors, not including those who hold office by virtue of their being Directors of the Corporation, be placed in a receptacle and that the first twenty names drawn out serve for one year, that is the year about to close, and the remaining to serve for two years. This is recommended for the purpose of determining the names of the nominees to be voted upon by the membership at large.

At this time and in this connection, I urgently recommend that the method of nominating and electing Governors be revised as the expense attached to the present method is more than ought to be expended for the purpose. In fact, since the adoption of the General

Laws and By-Laws of our Institution, we find that there are many portions thereof which, while applying to institutions like ours, owing to local conditions, ought to be corrected and hence it is recommended that a committee on General Laws and By-Laws be appointed at this meeting to take up the work of amending and altering the General Laws and By-Laws of our Institution. Although the Board of Governors approved the General Laws and By-Laws with very little alteration, yet I am satisfied that Section 1, Article 13 was hurriedly acted upon and should now receive the careful consideration of this Board in order that it may be determined whether or not said section should not be amended.

The farm house and barn appears to demand our attention by way of making repairs. That repairs are necessary your President is satisfied. As to how these repairs should be made, whether by day work or contract is for this Board to determine and as the moneys in our hands are trust funds to be expended economically and yet without depriving our institution of necessary improvements, your President recommends that for repairs on the farm house and barn the work should be contracted for so that we may know approximately what the cost will be before the work is started.

The efforts of every member of this Board is certainly appreciated by your President. Every action of every member points in one direction, and that is for the good of the institution and we cannot express our appreciation too highly of the work performed by every member to whom any work has been assigned. These efforts, therefore, on the part of the members has tended to make our institution successful so far as regards the administration thereof, and yet the entire success of our institution is certainly not in its administration, for if not for the financial assistance that has been given to us by the lodges, societies, and the rank and file of the membership, we would be without the means whereby any administration would be necessary for we would not have the money to carry on the work. It has been the aim of your President to conserve the funds of the institution and to continue to conserve the financial interests so long as he remains your presiding officer. Although we have twenty thousand dollars or more in the Building Fund and have a guaranteed Maintenance Fund of about eleven thousand dollars, yet this Board and all committees of this Board cannot and should not, without considering the financial condition of our institution, make expenditures, which, while apparently are for the good of the institution, yet cannot be carried into operation without first considering our financial condition. This institution is in its infancy. The different lodges and membership have contributed to their ability to the Building Fund. The lodges and membership have contributed and are contributing to their ability to the Maintenance Fund; hence future financial increase to meet future

necessary increase of the expenditures of our institution must always cause the Board of Governors to consider these questions together.

Your President is satisfied that additional moneys and to a large amount can and will be obtained for the permanent buildings and also large amounts for the Maintenance Fund, but this will need time, labor and expense and the proper representatives who have the time and the desire to enter upon this work, for you will all agree with me that not all of us, as much as we would like to, can assume the responsibility of insuring the success of our institution in a financial way and it is only a very few that will assume such a responsibility.

The continued expenditures of large sums of money on the farm may cause wonderment to the membership at large from reading our first annual report, but we trust that the moneys thus spent is merely an investment for the time being. It will be noted from the Secretary's report that the expenses on the farm for the three months just past were \$607.23, of which \$379.45 was for labor. The total receipts from the farm for the three months was \$134.13. Your President brings these figures to the attention of the Board purely as a matter of information that they may determine for themselves as to what may be expected by way of return from our farm upon which large sums of money have been expended and will be expended.

It is with pleasure that we mention the fact that one of our boys, Louis Weinstein, will reach the age of thirteen during the month of January, 1914, and that the lad is now receiving instructions from our honored Rabbi, Rev. M. C. Currick, preparatory to his Bar Mitzvah.

We call attention to the splendid bequest of the late Mr. Cass Sunstein of Pittsburgh, Pa. While mention of this bequest has been made in our annual report the same was received after July 1, 1913, the beginning of the second year, but we could not resist the temptation of noting the bequest in our first report not only to indicate the late Mr. Sunstein's interest in our institution, but as an index to all those who may read our report so that they may also be encouraged in making similar bequests or other donations.

During the first year's administration of the Home many friends have contributed money specifying that the amount should be used for a treat for the children either in the shape of a dinner, a visit to the theatre or a trip to Erie or some outing. Oftentimes the amount contributed was more than necessary for the treat. Your President, therefore, recommends that in such cases the excess of the donations be placed in a permanent fund to be called an Educational Fund, which may be used for the education of any of our inmates, who upon leaving the Home it may be determined ought to have a higher education.

Being personally acquainted with the work in the office of the Secretary we are entirely satisfied that the labor is worthy of more recompense and yet in conversation with the Secretary and suggesting an increase of salary to her, she desires that the President do not recommend an increase in her salary at this time, but that she be allowed clerical assistance at such times as she believes it necessary and acting upon this suggestion I would recommend that an appropriation not to exceed \$150.00 per annum be made for the purpose aforesaid.

The President also recommends that an allowance of \$300.00 be made for such propaganda work during the next quarter as in his wisdom he believes will be for the benefit of our institution, particularly field work of the President and Secretary. We might add that during the past quarter no portion of the last appropriation was used as no expense was incurred for propaganda work.

We would not consider this report complete if we did not make favorable comment of the work and progress of our institution through the efforts of our splendid Matron, Miss Eichenbaum, who is ever watchful of the care and protection of the children.

The President desires to call the attention of the members of the Board who are chairmen of committees to the assistance they would render in keeping the records of our institution more accurately if at each quarterly meeting a summary of the work performed by their committee is submitted in writing and signed by a majority of that committee. This recommendation to this Board by your President at this time is made with the desire that it be carried out to the letter.

It is my hope that when we meet again that those of the Board who have taken an active interest by their attendance at our meetings will be returned to us so that they may continue with this splendid charity instituted by District Grand Lodge No. 3.

In concluding this report we are hopeful of the interest that will be manifested by the membership at large in the selection of members of the Board of Governors, such interest has already been shown in the number of names nominated although the number of votes cast are few.

All of which is respectfully submitted,

ISADOR SOBEL, President.

SECOND QUARTER.

Erie, Pa., January 22, 1914.

To the Board of Governors of the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3.

Ladies and Gentlemen:—This meeting marks the sixth quarterly meeting since the opening of our institution and the second quarterly meeting of the second year. For the first time a quarterly meeting is being held away from the City of Erie, where, in accordance with our laws all meetings of the Board should be held, but your President could not resist the temptation of assuming the responsibility of calling a meeting of the Board in the City of Philadelphia at the time of the biennial convention of our Grand Lodge, for no other reason than to give an opportunity to many members of the Board of Governors who reside distant from the City of Erie, who, owing to business and other engagements, have been prevented from attending former meetings, this opportunity to attend a meeting so much nearer their home city and therefore, if I have transgressed in the calling of this meeting, I trust that it will be sanctioned by this Board.

The past quarter has been, to some extent, less active than any heretofore for the reason that there were no admissions, and no applications received.

We have been fortunate with reference to the temporary Home as the winter before it was almost impossible to reside there, but this year it is a pleasure, plenty of water, plenty of light and plenty of heat making the lives of the children happy and contented and giving an opportunity to our Matron of devoting more attention to the children.

You will note from the report of the Secretary that the annual contributions to the maintenance fund are being paid promptly and to a larger extent than the year before, indicating that the interest is increasing. I venture to state that when our permanent Home is furnished and the children occupy the same the enthusiasm which animates the few will be possessed by every Jew in the four states comprising District No. 3. We have yet to find a man or woman who has visited our temporary Home who has not become a firm friend and a staunch supporter and proven it in a substantial way. I would be amiss if I did not mention the fact that Mrs. Mark Abel of McKeesport, Pa., after a visit to our Home presented a gold signet ring to the boy standing the highest in the public school and a gold bracelet to the girl with the highest average in the public school. The action of Mrs. Abel is merely that of every person who visits our

Home and how much more will that interest be increased when they visit our splendid farm of eighty-five acres and enter the magnificent up-to-date buildings which are soon to be dedicated; hence, Governors, I predict that the future of our Orphanage will surpass the expectations of even the most optimistic.

During the last quarter one of our friends, Mr. D. R. Jacobson of Harrisburg, Pa., sent a check for \$100.00, requesting that a memorial be placed in the memorial hall in memory of his aunt, Anna Sweitzer and her husband, Joseph Sweitzer. A check of \$100.00 was also received from Jericho Lodge No. 44, I. O. B. B., Pittsburgh, requesting that a memorial be placed in honor of one of their departed brothers, A. H. Abrams. A letter of thanks acknowledging these contributions was mailed to the donors with the information that the subject of memorials was at present in the hands of a committee and that as soon as a decision was reached concerning the same they would be informed.

During the past quarter your President visited the cities of Bradford, Pa., and Harrisburg, Pa., and at public meetings explained the workings of our Orphanage. Immediately thereafter our Secretary Mrs. Marks, visited these cities and received splendid contributions to the maintenance fund. Your President also visited Fairmont and Clarksburg, W. Va., within the past week and immediately after this meeting, Mrs. Marks, our Secretary, will visit these cities and I am satisfied from my knowledge of the situation she will receive liberal contributions.

On Saturday, January 31st, one of our inmates, Louis Weinstein, will be Bar Mitzva in the Temple in Erie and the good Jews of our city are looking forward with great expectations to this very interesting event. He will be remembered by the good people of our community with many tokens, even as much as any child of any one of our local people.

An important matter which has been agitating the minds of the Board of Governors is the manner of dressing the children. A uniform dress for the children, is to my mind objectionable and hence I desire that instructions be given by this Board whether the boys should wear uniform clothing and the girls uniform dresses. This to guide the Supply Committee in their future purchases.

If there are any vacancies on the Board of Governors from any cause, I trust that those members who were appointed to recommend names to fill these vacancies will use great caution and disregard all friendships and favored communities. That they select only such persons who will be of the greatest good to the institution from every standpoint and by no means to allow friendship to guide their choice, for at this time personalities and friends must not stand in the way

to bring that greatest measure of success for the future of the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3.

It would be amiss if I did not mention the good work of our Matron, Miss Eichenbaum, ever faithful and always ready to meet every emergency that may arise either with the children or with the Home.

Our Secretary has done splendid work during the last quarter and I cannot fail complimenting her in the performance of her duties.

I am pleased that we meet to-day so many members of the Board who have never before joined us and I trust the interest of this meeting will so have taken possession of these Governors that they will travel to Erie to meet with us at our future quarterly meetings.

Thanking you for the many courtesies extended and for the assistance rendered in the performance of the duties of my office the above report is

Respectfully submitted,

ISADOR SOBEL, President.

THIRD QUARTER

Erie, Pa., April 10, 1914.

To the Board of Governors of the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3.

Ladies and Gentlemen:—It is a pleasure to again greet the members of the Board of Governors at a quarterly meeting in the home city of our institution. Since the last meeting, which was held in the City of Philadelphia, we have had no admissions to the Home, hence the number of inmates remains the same as at the end of our last quarter, namely nineteen.

For some time past this office has been in communication with the President of the Gusky Orphanage of Pittsburgh, Pa., with reference to the separation of Max and Bella Sandman from our institution. The directors of the Gusky Orphanage requested that the Sandman children be transferred to that institution for the reason that two other children of the same family are now inmates thereof, and as will be remembered at the meeting held in Philadelphia, your President was authorized to take such steps that would result in the transfer. We believe that within the next two weeks Max and Bella Sandman will be transferred.

The Temporary Home, during the past winter has been in fairly good condition, lack of natural gas being the only draw back. The Matron adopted, as conditions required, substitutes in order that the children might be comfortable.

It is indeed pleasing to note that our permanent Home is nearing completion. We hope that on or before July 4th it will be ready for occupancy. We have reason to believe that the drawbacks and inconveniences of the Temporary Home will soon be a thing of the past and that the inmates of our institution will, in the near future, receive all the comforts and pleasures that will come to them from our new buildings.

As the completion of the buildings is drawing near the question of dedication of the same is a matter that ought to be considered by this Board for we are in position, if we make use of this event in the proper way, to interest not only the members of the Order in this District, but the Jews generally throughout the four states. Hence it might be advisable at this meeting for the appointment of a committee to make such preparations as they deem necessary. This Board ought also consider whether it would be advisable to have the dedication on July 4th whether the buildings are completed or not.

It might be opportune to recall to our members the fact of the early completion of our buildings and the advisability of communicating to our friends that many things not included in our contract, which will be needed to complete the furnishings of the Home, will be acceptable. It has often been suggested that when the time came for the necessary furnishings and household articles to be used that a great many of our friends will be glad to furnish them as tokens of good will.

It might not be amiss to recall the many donations and contributions that are being made by, not only our local people, but by those interested from other cities. I am pleased to state that through the efforts of Mr. Joseph H. Ruben of McKeesport, Mr. Jacob Zeiger of that city has expressed his willingness to donate all the lighting fixtures necessary for the cottage to be furnished by McKeesport Lodge No. 573, Independent Order B'nai B'rith. We must also mention the interest manifested by Mr. Isidore Reizenstein of Pittsburgh, as through his efforts a large crate of chinaware has been presented by Mr. Wm. Scammell, of the Maddock Pottery Co., Trenton, N. J. Information has also reached us that through Mr. Reizenstein another donation of glassware will soon be received.

A very important event in the life of our institution was the Bar Mitzvath of one of our inmates, Louis Weinstein. Under the direction of Rabbi Currick and Miss Eichenbaum, the young man acquitted himself with credit. Many friends of the lad presented him with tokens of encouragement. Many of our Erie friends presented the lad with money and a deposit has been made of the amount, \$42.25, to the credit of the young lad.

It is a pleasure to note the continued interest, not only of the Lodges of the District, but also of the former contributors to our

Maintenance Fund. Another appeal has been mailed to every member of the Order in the District and it is expected that the number of contributors this year will exceed that of last year.

I cannot refrain from commenting on the care and attention given by our Matron, Miss Eichenbaum, to the duties of her position for she is certainly deserving of kind words from all of us who are interested in the welfare of the Orphanage.

It might be well to inform the members of the Board of Governors of the close supervision of the workings of the institution by the members of the Local Board and of the continued interest manifested by the many committees to whom duties have been assigned.

Respectfully submitted,

ISADOR SOBEL, President.

ANNUAL REPORT OF PRESIDENT

Erie, Pa., August 26, 1914.

To the Board of Governors of the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3.

Ladies and Gentlemen:—Owing to the desire on the part of the members of this Board to delay our annual meeting, which should have taken place in July until after the dedication of the new buildings, we are assembled to-day in the fourth quarterly meeting of the second year of our organization. Gratifying it is that this meeting is held the day following the dedication of the first buildings of the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3. We have looked forward to this event for the past two years and it is with some satisfaction that the members of this Board now realize that their efforts have resulted so acceptably. History has recorded the beginning of institutions like ours, but history has never recorded such splendid sacrifice and willingness on the part of so many men and women who have been intensely interested and to such an extent that it might indicate almost a selfish desire to share a part of the honor for a charitable work so well done and in such splendid spirit. When in time the history of our institution is written, descendants of three thousand men and women who have directly or indirectly assisted, both by act and financial aid, will share such gratification as only comes to those who have befriended the weak and assisted the orphan and friendless, as it will also be to the glory of this Board and to those who come after them.

It would be amiss on my part in passing from the ceremonies of yesterday, did I not record the name of Mr. A. J. Sunstein, chairman

of the Building Committee. Energetic and indefatigable, ever willing and conscientious man. For at all times, and under all conditions, whenever called upon, both before and since the buildings were under construction, regardless of his personal or business affairs, either as to time or place, did he fail to answer the call of duty, and to him and his associates on the Building Committee do the Jews of Pennsylvania, New Jersey, West Virginia and Delaware owe a debt of gratitude that can only be repaid if the Jews residing in these four states will determine to assist in the future control and management by lending their aid, morally and financially, to this worthy institution. And thus it is, members of the Board of Governors, that the meeting of to-day is by far second only in importance to the original meeting of this Board held on October 22, 1912.

In recording the events during our constructive period the shining examples of McKeesport Lodge No. 573 and Braddock Lodge No. 516 stand out prominently. For the members of these lodges in their enthusiasm and zeal and interest in our institution have each contributed the furniture and rugs for one of the buildings just dedicated and while several names may obtain honorable mention in connection therewith, yet to Mr. Joseph H. Ruben, of McKeesport, we award a distinction for the part he has taken with reference to the action of McKeesport Lodge in the magnificent donation and for the very great services he has at all times rendered the Local Committee. We also add the names of Mr. Louis Sulzbacher, a member of Braddock Lodge, and Mrs. Louis Sulzbacher, an honored member of this Board, for their activity and earnestness with references to the donation from Braddock Lodge and it pleases me to make this mention at this time.

In recounting the happenings since our last quarterly meeting, I would refer to the election by mail of five children, four of whom have been admitted as follows: Lily Blick, McKeesport; Ruth Blick, McKeesport; Barney Price, Trenton; Eva Pollitz, Wilkes-Barre. Although it crowded our Temporary Home to some extent, yet the urgency of the cases was sufficient for the sacrifice.

The good work of our institution is becoming known throughout the district as evidenced by the bequest of one hundred dollars received from the late Abraham Reese of the City of Wilkes-Barre, Luzerne County, Pennsylvania. One hundred dollars from the late Mrs. Yetta Felheim, of Erie, Pennsylvania. It might be well at this time to call to the attention of the Governors the advisability of suggesting to their friends the benefits to the institution that are derived from these bequests.

One of the pleasing replies to an invitation to attend the dedication came from Mr. Jacob La Salle, of Toledo, Ohio, who regretted

his inability to attend, but manifested his interest by sending a check for fifty dollars for the benefit of our institution.

Now that the time is near at hand to occupy our new Home it becomes necessary to elect a Governor residing in each city in our District. The experience of the Local Board is such that the election of these Governors in these cities is essentially necessary as when applications are received the action to be taken can be more satisfactorily arrived at if a Governor of our institution has a part in the recommendation, and hence I would urgently recommend the election of a Governor in every city and large town in the District.

In the construction of the new buildings in order to meet the demands of the cottage system the cost far exceeded the amount of money on hand and hence, in order to complete the work, it became necessary for the Building Committee to make a loan from the Marine National Bank of the City of Erie, for a sum not to exceed thirty thousand dollars, and it would appear that all of this amount will be necessary to pay for the work when finished. As the buildings and all other property of the institution have been entrusted to the keeping of the Board of Governors, it is encumbered upon this Board to provide ways and means whereby the sum of thirty thousand dollars may be raised and it is recommended that a committee be appointed for this purpose.

Your President cannot refrain, at this time, from commenting on the splendid work of the members of the Board of Governors residing in the City of Erie. The burden of the work of the institution rests with them, and no matter what duty is assigned, or what the conditions may be under which the work is to be performed, the members of Erie are ever willing and ready to answer the call. And to their credit be it said that much of the success thus far is due to them, and it would be ungrateful, indeed, of this Board not to take cognizance of their work and encourage them in the future performance of their duties by ratifying everything that has been done by them, all of which was for the good of the institution.

The work of the Secretary, which is so well known to your President, deserves recognition more than mere words can express and for faithful performance of duty and for activity and anxiety in promoting the welfare of our institution, I would ask this Board to increase her salary \$180.00 annually.

To our Matron, Miss Eichenbaum, we all owe a debt of gratitude. She has proven herself competent and efficient. The physical, moral and educational life of the inmates of our Home are evidence of the worthiness of the Matron and it is pleasing to me at this time to call attention to her work.

It has occurred that the work of the Treasurer has grown to

such proportion that it is necessary for him to employ assistance, and I would recommend that the Treasurer be allowed a sum not to exceed \$60.00 per annum.

I would also recommend that a sum of \$300.00 be appropriated to be distributed for such propaganda as your President deems necessary, especially in the collection of funds.

In closing this report I cannot refrain from conveying to my fellow-members their ever willingness to assist the officers of our institution in every effort towards its betterment. We will all share in the pleasure that will come to the children who soon will be housed in the splendid buildings prepared for them. With the further hope that the prayers of our Rabbi as expressed yesterday may resound for many years, and may their words, comforting to us all, be eternally impressed on the boys and girls who are now, and those who will in the future, enjoy the advantages of the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3.

Respectfully submitted,

ISADOR SOBEL, President.

ANNUAL REPORT OF MATRON

August 31, 1914.

To the Governors and Directors of the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3.

Ladies and Gentlemen:—Many of you here today have been present at a number of our former meetings while some are with us for the first time, it will therefore perhaps be advisable to give a resume of what has already been accomplished as well as what we hope to accomplish in the near future.

As all things have small beginnings so with our Home. Two years ago July 4th, the B'nai B'rith Orphanage and Home for Friendless Children of District No. 3 was formally opened in a temporary home with three children, two girls and one boy. Which number increased to twenty-four, however, during the year three children were discharged—Louis Schwalb from Pittsburgh, who was with us seven months on account of his physical condition which did not meet with our requirements, and Belle and Max Sandman, also from Pittsburgh, were with us a year and a half and were transferred to the Guskys Home to join their sisters. Of the twenty-one children we have at present, twelve are girls and nine boys, representing twelve families.

The average age of our boys being eleven years and that of the girls only seven and one-half, it has been necessary for the boys to assist with the housework. Their proficiency in dishwashing, sweeping, bed-making and darning is surprising. They have also taken care of the five acres surrounding our temporary quarters with very material results.

You have all seen the new buildings, to dwell upon superlatives in describing them is unnecessary. The buildings, however, are not all, our children spend as much time as possible out of doors. What would be more ideal than to teach them right in our own home how they can put to practical use all the wonderful resources offered by Mother Nature? Five acres put aside for the children which they could feel they owned would be sufficient. In this way several ends could be accomplished:

- 1st. The outdoor life for the children;
- 2nd. Enough vegetables and greens could be raised to supply the entire household;
- 3rd. It would afford a very natural source for the teaching of social hygiene as all analogies could be drawn directly from nature.

To gain these results will be needed a man not only competent but one with sufficient training to teach farming scientifically, he could live with the boys and become their friend, confident and teacher.

The children's splendid health for the past two years has been very gratifying. Most of the children come to us poorly nourished and undersized and it usually takes some time to put them in a physical condition to resist the many epidemics of children's diseases prevalent in public schools. During the two years we have had but one case of whooping cough, one case of scarlet fever and three cases of chicken-pox. June 9th the physician examined all the children and vaccinated eight of them, the dentist examined the teeth and the necessary dental work was done.

Our children attended the District School which closed April 24th. A teacher was then engaged to come to the house to continue the school work during the months of May and June. In spite of the fact that we are far from a Sabbath School the religious training of the children has not been neglected. They have been taught children's prayers which are recited in the morning, before and after every meal and before retiring. Friday night, the Sabbath and holidays are observed according to Jewish customs. Every Sabbath we have our lesson in Biblical history.

Last winter our oldest boy, Louis Weinstein, was Bar Mitzvah. Six of the older boys accompanied him to the Temple. Rabbi Currick prepared him for the great event. Mr. Isador Sobel presented the boy with a handsome gold watch and chain and other gifts were literally showered upon him, most of them in the form of money, which was deposited in the bank on his name.

The majority of our children are so-called friendless children who have been roaming the streets, coming and going at will. The older boys especially have required a great deal of care and attention to eradicate some of their uncivilized habits and try to develop their good qualities. To maintain discipline was not always a simple matter, but on the whole the conduct has been satisfactory.

Our food is plain, wholesome, nourishing, cooked so that it is palatable and relished. The diet is continually varied according to season, coffee and tea are excluded, milk and cocoa being used instead, Our kitchen is conducted on a Kosher basis.

The farm has provided us with plenty of milk, butter, eggs and berries.

We are all, as can be readily imagined, very anxious to get into our new home, where our aim will be the personal happiness, health and progress of every child who enters it.

Respectfully submitted,

NETTIE EICHENBAUM.

Since our last meeting we have had four admissions to the Home representing two families:

- August 27th, Minnie Berg, Atlantic City, N. J., born June 10, 1907.
Harry Berg, Atlantic City, N. J., born July 5, 1908.
- August 31st, Cecelia Davis, Wheeling, W. Va., born Aug. 9, 1905.
Rebecca Davis, Wheeling, W. Va., born April 16, 1907.

At the last meeting of this Board the application of Ralph Davis, Wheeling, was also acted upon favorably, but upon investigation it was found that he was under the age limit, being only four years of age, hence he was not eligible for admission.

Herbert Plaut, of Philadelphia, whose application was acted upon favorably has not yet been received at the Home.

After a thorough examination it was found advisable, on September 14th, 1913, to return Louis Schwalb to the United Hebrew Relief Association of Pittsburgh, who made application for his admission. In response to a letter written to Mr. Charles I. Cooper, Superintendent of the Association, he informed your Secretary that the boy is now living with his mother and receiving medical attention at home.

The first annual report of our Orphanage is being mailed to each member of the Order throughout the district and to all non-members and organizations who have subscribed. Enclosed in the report was an appeal and subscription card addressed to all members of the Order who have not yet subscribed.

Respectfully submitted,

E. P. MARKS, Secretary.

During the week of May 10th, your Secretary visited Pittsburgh and Homestead and obtained subscriptions for the Maintenance Fund amounting to \$213.00.

In accordance with a resolution passed by this Board at its last meeting Bella and Max Sandman were transferred to the Gusky Hebrew Orphanage and Home of Pittsburgh, Pa., on April 15th, 1914.

In accordance with a resolution passed at the last meeting of this Board a vote by mail for admission to the Home was taken upon the following applications:

Lily Blick, McKeesport, Pa., born July 10, 1903.
Ruth Blick, McKeesport, Pa., born May 14, 1907.
Fred Herkskovitz, Pittsburgh, Pa., born August 26, 1905.
Eva Pollitz, Wilkes-Barre, Pa., born April, 1904.
Barney Price, Trenton, N. J., born August 6, 1905.

The vote resulted as follows:

Twenty-nine Governors voting for five children,
One Governor voting for four children,

Three Governors voting for three children, making a total of thirty-three votes, being a majority of the members of the Board of Governors and thereby admitting the above named children.

Since the close of the quarter, July 16, 1914, the following children have been received at the Home:

July 24th, Lily Blick, McKeesport;
Ruth Blick, McKeesport;
Aug. 7th, Eva Pollitz, Wilkes-Barre.

We have at the present time twenty-one inmates.

At the last meeting of this Board the following were elected as Governors:

Mr. Samuel Auerhaim, Bradford, Pa.
Mr. Louis Horkheimer, Wheeling, W. Va.
Mr. Morris E. Jacobson, Harrisburg, Pa.
Mr. Charles H. Joseph, Pittsburgh, Pa.
Mr. Herman Kaufman, Elizabeth, N. J.
Hon. Abram Klenert, Paterson, N. J.
Mr. Mortimer Ostheimer, Erie, Pa.
Mrs. B. A. Zacks, Erie, Pa.

Of the above named the following declined to accept:

Mr. Louis Horkheimer, Wheeling, W. Va.
Mr. Morris E. Jacobson, Harrisburg, Pa.
Mr. Herman Kaufman, Elizabeth, N. J.

During the past quarter one hundred and thirty-four subscriptions were paid to the Maintenance Fund, of which number forty-two were new subscribers. During the first, second and third quarters of this year eight hundred and twelve subscriptions were paid, making the total number of paid subscriptions to the Maintenance Fund for the year, nine hundred and forty-six.

Respectfully submitted,

E. P. MARKS, Secretary.
