FORWARD

Cemeteries are often the oldest institutions in the community. Upon settlement, the community had an immediate need to locate and acquire property in order to provide adequate and appropriate burial sites. As Jews, our tradition begins with Abraham's purchase of the Cave of Mahpelah in order to bury his wife, Sarah (Genesis 23). He went to great lengths to insure that the land was properly and fully purchased. Through the millenia, each community has done similarly.

For those of us who come to an already-established community, we often take this fact for granted. Knowing that there is a cemetery provides comfort and we may not pursue any further action. As a congregational rabbi, I have often had questions addressed to me regarding the location of an individual's place of burial. This is particularly the case when, with the passage of time, remaining family members have moved from Kansas City.

With Anita Loeb's work, *Gone But Not Forgotten*, we have the records that tell us a great deal about these burial sites and, even more importantly, the people who are buried therein. This work is a valuable asset for all of us whether involved professionally or as members of the laity. Being able to trace and identify records, to determine the locations of sites and maintain personal as well as community records will both comfort people and benefit our community.

I, for one, want to thank Anita for undertaking and completing this "labor of love". May she go from "strength to strength".

INTRODUCTION

In July of 1990, after a career of almost thirty years in the field of Jewish education in Greater Kansas City, Missouri, and having just completed eighteen years as the business manager of the Hyman Brand Hebrew Academy, I spent my first "free" day in the Missouri Valley room of the Main Library in downtown Kansas City, browsing through its treasures.

Long interested in the history of Kansas City, and especially the development of its Jewish population, my research led me in a direction which has turned out to be the most fascinating challenge of my life. And a decade later, these efforts have resulted in this history of the 15,300 burials in the Jewish cemeteries in Kansas City.

I did not start this research with a clear vision of what I hoped to accomplish; it was at first an investigation of an area about which I could find little concrete information. As I delved further into my research, I developed goals and endeavored to seek out data from as many sources as were available.

The original goals included:

- to develop a master record alphabetically of all burials in the Jewish cemeteries in Kansas City
- to develop a master record chronologically of all burials in the Jewish cemeteries in Kansas City
- to provide each Jewish congregation and cemetery with an alphabetical and chronological record of the burials in their respective cemeteries
- to encourage congregations to maintain an alphabetical and chronological record of the burials in their respective cemeteries, as well as to retain copies of obituary notices of the deceased
- to interest the community in providing a weather-protected map at each cemetery's entrance, detailing the location of each section, thereby assisting patrons in finding grave sites
- to provide easily-read markers indicating sections at the cemeteries
- to encourage the community to provide for the maintenance of burial records after the completion of my efforts, which concluded on December 31, 1999.

In the beginning . . . I explored the existing Jewish cemeteries in Kansas City: Blue Ridge (Kehilath Israel Synagogue) at 1901 Blue Ridge Boulevard; Elmwood (Jewish section, Temple B'nai Jehudah) at 4900 Truman Road; Mount Carmel (Beth Shalom Congregation) at 5529 Ditzler; Rose Hill (Temple B'nai Jehudah) at 6900 Holmes; and Sheffield (Beth Israel Abraham and Voliner Synagogue) at 6200 Wilson ... grave by grave, row by row, section by section. Later the New Reform Cemetery (Jewish section, Mount Moriah) and Beth Torah Cemetery (Jewish section, Mount Moriah) were added.

This process involved reading and recording the names, dates and other information found on each headstone, often requiring crawling on my hands and knees to pull out

overgrown grass and weeds to view the writings. Some headstones were so faded they were unreadable; some were overturned and I could not physically restore them to an upright position; and, as I discovered later, there were many unmarked graves.

The next step was researching the written records of the synagogues and cemeteries. Whenever one undertakes a genealogy search, the first instructions are always to "search church and cemetery records." Unfortunately, our local synagogues kept minimal information on burials. Most entries have just name, date of death and burial location. One congregation only recorded date of burial, not date of decease. There were entries with only a last name; many provided no clues as to whether the deceased was a still-born infant or a person who had lived to a ripe old age.

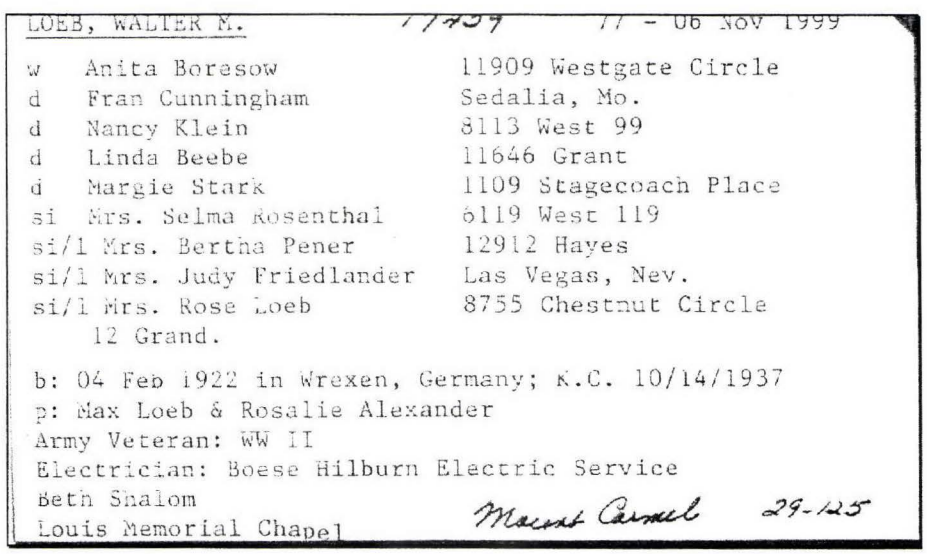

I explored the Rose Hill Mausoleum, where the benches inside are made of beautiful marble but were too heavy for me to move. Being short, I was unable to read or reach the top shelves of the cabinets storing the cremains. So I returned home and came back with a cardtable chair - for height - and a flashlight - for light - and completed the task.

I started on this project profoundly unaware of the magnitude of the time, labor and costs that would be involved. Initially all my records were on 3 x 5 file cards (this file is still maintained and contains a complete record of information). A copy of the obituary of the deceased (whenever available) is pasted on the back of the card.

These cards include the following information:

> name of deceased; hand-written number (for computer information only); age shown at date of death; date of death; survivors; date and place of birth; names of father and mother; military record; occupation; congregational affiliation; undertaker; cemetery; location of grave; slash in upper right corner indicates that death certificate is on file; slash in upper left corner indicates that information from National Archives is on file.

A comment on the information included on these file cards ... data provided to the newspapers, funeral homes and/or undertakers (usually by a family member or close friend) was often incorrect. This data was used to complete certificates of death. There were hundreds of death certificates I requested which were not available either from Kansas City, Missouri. Also, I did not order many from the State of Missouri as the costs were too high. There were errors of many kinds in obituaries and/or funeral notices in the newspapers.

Often obituaries noted date of arrival in Kansas City as a particular year (based on data provided by informants); later research indicated that the deceased had not even arrived in the United States at that time. In such instances, the date of arrival in the United States was used as the arrival time in Kansas City.

Sometimes parents, husbands and wives remained in Europe, died and were buried there, but this information was not included in the obituaries. And the history of our country has to be considered when noting the obituaries. Many deaths occurred before telephones and automobiles were the norm in our homes. I found it fascinating that newspapers were able to print obituaries as promptly as they did without telephone communication from the families or the funeral homes.

I compiled this collected information into massive notebooks with alphabetical and chronological master lists, and separate records for each cemetery. Every few weeks as these materials accumulated, it became exceedingly difficult to read the notebooks, and I spent untold hours retyping (and re-proofreading) the existing volumes.

The Jewish Veterans Museum Association was being organized at about this time and was trying to assemble the names of Jews from the Greater Kansas City area who had served in the Armed Forces of the United States. These names were to be permanently inscribed on a plaque in the display cases at the new Jewish Community Campus at 5901 West 115th Street in Overland Park, Kansas. After two years of searching, their committee had found about 1,100 names. I became their first director, utilized the records I had already started to uncover and searched records from the World War II period. When the museum was officially dedicated on November 11, 1990, the roster had been expanded to include 4,005 names of veterans honored thereon. I subsequently provided each synagogue and cemetery with a roster of all veterans buried in their cemeteries, which they have used for Memorial Day and Veterans Day remembrances.

There were formerly three Jewish funeral homes in the Kansas City area: Carroll-Davidson (Julian K. Davidson & Co.); J. P. Louis Funeral Home (Louis Memorial Chapel); and Tigerman & Sons Undertakers. Unhappily, I discovered that all the records of both Carroll-Davidson and Tigerman had been destroyed and were not available for reference, and consequently a good part of the history of the burials and the community had been lost.

Stanley and Christa Louis, the owners of the Louis Memorial Chapel at 6830 Troost, graciously permitted me access to all their records, which provided a substantial source of information. Like mixing the ingredients for a cake recipe, this information was incorporated with the original master file.

I was extended research privileges and access to the records of the Mount Moriah Funeral Home and the Stine & McClure (including D. W. Newcomer's) Funeral Homes, which provided much additional helpful data.

It must be noted and understood that there were no simple records to uncover; the materials of the synagogues, cemeteries, funeral homes, obituaries and other documents often were in disagreement; two brothers born of the same parents in the same town in Europe spelled their names differently (such as Cohen, Cohn, Kahn, Kohn). They gave different names of their towns of birth, and different countries as the areas went through changes and were frequently annexed (Czechoslovakia, Lithuania, Russia, Poland, Bohemia, Hungary, Austria, etc.). Discrepancies often were apparent when family members arrived in the United States at varying dates and ports of entry; when queried by the authorities at the immigration stations (with most of the newcomers not speaking the language), there were misunderstandings and clerks wrote down information as they best could interpret the answers.

The other given is that there will be many "human" errors ON MY PART in compiling a mass of data of this sort. It was not possible for me to verify every piece of information, and I had to rely on the records which I could uncover.

Whenever possible during research, I tried to contact surviving members of the families of the deceased to add to or confirm information. Among the roadblocks on these efforts were the inter-marriages of cousins, remarriages (thereby changing last names) of widows and out-of-town moves.

I read every available issue of *The Kansas City Times* and *The Kansas City Star* from 1900 through 1940, which were on microfilm at the Kansas City, Missouri Main Library and at the Johnson County, Kansas Main Library. (There were some dates when the paper was not published due to labor strikes).

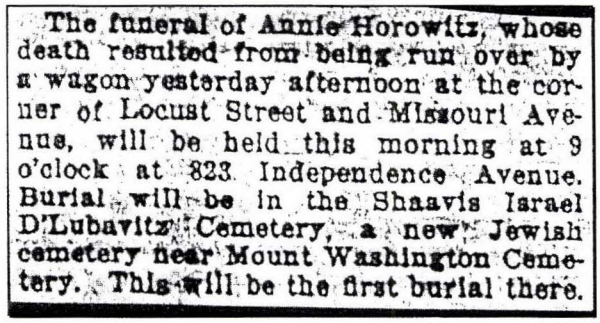

Much of this material was faded and difficult to read, let alone copy. There were no obituary columns in the earlier papers, and it was necessary to painfully read each entire issue of the newspaper, moving the machine up, down and sideways, and read column by column to search for death notices, each of which I photocopied as best I could. This task took the better part of two years (and was a severe strain on my eyes!). This was an especially fruitful process, as it enabled me to find records of deaths and burials which had not been previously recorded by either the synagogues or cemeteries.

In January of 2001 (after I thought my research for this book was basically completed) I learned that the record of deaths from 1899 to 1909 of the Bureau of Vital Statistics of Kansas City, Missouri had been microfilmed and was available at the Kansas City, Missouri Main Library. This is a record in ledger form, showing the name of deceased, place of birth, date of death, place of death, age at death, cause of death and attending physician.

Some pages were in beautiful script and completely clear; many were completely black and the material therein was illegible. From these records, I was able to verify exact dates

of decease, places of births and ages. There were a number of deaths included of which I had no record as they were not included in any cemetery records.

The following obituary from *The Kansas City Times* of Tuesday, August 19, 1911 is an example of a discovery of an obituary not previously recorded at either a synagogue, cemetery or funeral home.

The funeral of Annie Horowitz, whose death resulted from being run over by a wagon yesterday afternoon at the corner of Locust Street and Missouri Avenue, will be held this morning at 9 o'clock at 823 Independence Avenue. Burial will be in the Shaavis Israel D'Lubavitz Cemetery, a new Jewish cemetery near Mount Washington Cemetery. This will be the first burial there.

Many times during these years of investigative research I came across wonderful articles about non-Jewish churches and schools which I copied and sent to the respective institutions. Sample notes of appreciation received follow:

Thank you for sending a copy of the article about First Presbyterian Church from Monday Times. *It will be shared with the historian of Heartland Presbytery.*

The article you sent to Heartland Presbytery about First Presbyterian Church was sent to me, Presbytery Historian. This church closed following a disastrous fire accompanied by a dwindling congregation. Its service to the east downtown area continues in St. Mark's Church.

Information in the piece is being incorporated into an inventory of Missouri Presbyterian Churches, a work in progress for the past five years. A project that fascinates me as much as your work on Jewish cemeteries.

Nancy U. Ehrlick

It was very gracious and thoughtful of you to send the photo and article on the "new" Our Lady of Sorrows Church. I thought I had seen nearly all of photos and newspaper articles, but this was a new one to me. Thank you very much for it. I am sure your research on the Jewish Community in Kansas City is very interesting. I hope you have the opportunity to publish your information in some way. It would, I'm sure, interest many of us.

Thank you so much for sending us the newspaper article on the school. We have a Heritage Room in the school where we display much of the history of Notre Dame de Sion. I will contact the Kansas City Star and request some copies of that particular article. I don't know if you are aware of the Jewish connection with Sion.

Our nuns and the school were founded by two Jewish brothers. Their mission was to bring a better understanding and relationship between Christians and Jews. It is still the same today. Many thanks again for thinking of our school.

Reading through the obituaries and newspapers (including funeral home ads) from the period of 1916 to about 1927, I noticed that "Mount Carmel Cemetery" was never referred to by its name; it was called the "Raytown Cemetery" or occasionally "Leeds Cemetery." Many weeks were spent in 1992 searching records of the Raytown Mid-Continent Library, the Raytown Historical Society, and the book, Raytown Remembers by Roberta L. Bonnewitz and Lois T. Allen, unsuccessfully seeking an explanation.

The following list of 86 names were compiled from obituaries and funeral homes indicating the burials were at the Raytown Cemetery:

Mrs. Rosa Weinberger, age 58, passed away Sunday, January 2, at St. Joseph hospital. She is survived by her husband, Mr. Isaac Weinberger, and a son, Maurice Weinberger, both of the home, 1304 East 27th street. The funeral services were held Tuesday, 2 p. m., at J. P. Louis's funeral home, 3400 Woodland. Interment, Raytown cemetery.

ABRAHAM J. CAPLAN

Abraham J. Caplan, 71, passed away Monday, June 8. He lived at the Michael Appleman Home for the Jewish Aged. The funeral was held Tuesday; burial, Raytown cemetery.

I wrote to the families of many of these deceased, but of those who responded, none had an inkling of why this practice had been followed (most never realized that there had been references to Raytown Cemetery instead of Mount Carmel). I contacted the Brookings Cemetery, the Hinton Funeral Home and the Raytown Chamber of Commerce, but they had no information.

Another fascinating source of information was the Kansas City office of the National Archives, where I initially went in search of naturalization papers for my father. I located a copy of my grandfather's papers and was intrigued as I flipped back and forth through the pages and was able to identify almost every third or fourth name as a Jewish person.

The following papers concerning my grandfather, Aaron Joseph Boresow, are examples of the data available on these records:

The information at the local National Archives branch is contained in 167 bound volumes, the pages of which could not be removed for copying. I photocopied as well as I could approximately 1,400 pages from these volumes and from some reels of microfilm containing data. Included in the applications, grants and denials were the applicants' names, parents' names, place and date of birth, port of departure and arrival, name of ship, occupation, address, signatures of the applicants and their witnesses, etc. (some had photos of the applicant). Many applications had been denied for technical reasons. Although many of the copies were blurred, they were fascinating and I was able to connect almost 500 of these photocopied pages with their relatives in our community.

I mailed copies to them; most had never seen the documents before and were thrilled with the materials they received. I heard from many of the recipients of this mailing and was advised that copies of these documents were being sent all over the world. I spent almost one full year on this phase. Samples of notes of appreciation received following this mailing:

Thank you for sending me my mother's copy of naturalization. I believe one of the lst infants buried in the cemetery where my family is was her son from her lst marriage. The baby's name was C. Brenner or Brennen. He must have died around 1920. My family are Gitterman, German, Moss, Gordon, Greenberg, and of course Pasmanik.

Rae Marie Ibarra

I send my thanks, many, many thanks to you for sending me the papers from my dad. When I read the article, I just can't explain the feelings I had. My tears have never stopped, even after nine years this June. You are very thoughtful and I do appreciate your kindness.

Eleanor Belingloph

Thank you for [the] copy of my mother's application for U.S. citizenship. It was very kind and thoughtful.

Harry W. Prevan

How thoughtful of you to mail us the petitions for Dave's citizenship. Interest to us is putting it mildly. We are eternally thankful to you. If in the future we can be of service to you in any way, please do let us know.

Kathleen (Kate) and Dave Martasin

Thank you very much for your taking the time to pass along to me both my father's and grandmother's "Declaration of Intention" documents. For all concerned, I appreciate the work that you are doing.

Sandy Bernstein

Thank you for your consideration and courtesy in sending me a copy of my mother's Petition for Naturalization.

A. (Abraham) E. Margolin

Thank you very much for the information regarding my grandfather, Nathan Horowitz, you sent me. I found it very interesting to learn about the past, including the original spelling of our name. I made a copy for my grandparents. Good luck with your research project. Should you find additional information regarding my family, please let us know. Thank you for thinking of me.

Daniel M. Horowitz

I must thank you for sending me the application for Perez Lerner's citizenship. Quite a revelation. *Roz Lerner*

I really appreciate all of your efforts in finding out the particulars of Maynard's family. You did a super job and I speak for myself and family when I say we are truly grateful.

Helen Cohen

Thank you so much for taking the time to send me the copy of my grandfather's Petition for Naturalization form. It was really thoughtful of you to think of me. It is very important to remember what a privilege it is to be a citizen of this country and how difficult it was for the immigrants to make the perilous journey to be here. As you know, I have had a number of losses of my close family members in the last few years and it is difficult to find out about the past. The document you sent me will help to link me to my family and is greatly appreciated. Again, I want to thank you for your consideration and to encourage you to continue your work to preserve the history of the Jewish community of Kansas City.

Dr. Robert Meyer

Approximately one year was spent at the offices of *The Kansas City Jewish Chronicle* reading through every issue beginning with its initial publication in January of 1920.

Considerable time was spent at the downtown Kansas City Public Library. Fortunately in 1997 two well-known local historians, Barton and Mary Davidson Cohen, donated a complete set of *The Kansas City Jewish Chronicles* on microfilm to the Johnson County Library, and I was the first one to open and use every reel. I was at the library almost daily for two years taking advantage of this valuable source of documentation.

Many "new finds" of persons buried in our Jewish cemeteries were verified through the purchase of death certificates from the Bureau of Vital Statistics in Kansas City, Missouri, from the Missouri Department of Health in Jefferson City, Missouri, and from various states throughout the country.

I have had conversations, visits, calls and correspondence with people from all over the country who have benefited from this project, and even a call from a rabbi in Jerusalem for whom I was able to identify the names of two of his uncles, their dates of death, places of burial, complete with addresses and phone numbers of two surviving relatives.

Inquiries have been forwarded to me by the Jewish Federation of Greater Kansas City (see pp.16-17), the Jewish Community Foundation of Greater Kansas City, *The Kansas City Jewish Chronicle* and area synagogues, to which I was pleased to respond. One such request for information was from an 81-year-old lady from Omaha, Nebraska, who wrote to the Jewish Federation of Greater Kansas City asking for a list of Jewish cemeteries so that she could try to locate the burial sites of her parents. The Federation forwarded her letter to me (see pp. 16-17); I was able to provide her with the names, dates of decease, name of cemetery and location of grave sites. I even went to the cemetery, took photographs of the headstones and sent them to her.

In 1993, Stanley and Christa Louis, the proprietors of the Louis Memorial Chapel, recognized the importance of this endeavor and provided a grant which enabled me to purchase a computer.

I was referred to a master programmer, Ron Dutro, who designed (and continuously improved and revised) programs in response to the project's developing needs. His

patience (I was a computer novice), input and ideas have made the final compilation of my materials possible.

Dear Anita:

What a job! You have accomplished what should have been done years ago. However, it takes a very special individual with a specific eye for detail, coupled with the adequate time and loving care to attack a task of this magnitude. Though many of us have talked about the need of such research and double checking within Mt. Carmel, no one has been able to delve into the situation with the depth of detail that you have achieved.

I certainly agree with you. From what you shared with me the other day, you were definitely a detective. As a "Master Sleuth", I am sure you are looking forward to researching the other Jewish Cemeteries. For your sake, I hope their records are in even better conditions than ours were.

Anita, I sincerely hope that this effort will lead to a grant that will allow everyone in our community to enjoy the fruits of your labor--not to mention the historical importance of this endeavor. If I can be of any assistance in reaching this goal, please feel free to call on me.

Thank you again for your devotion to this very worthwhile project. The Jewish Community is indebted to you.

On a personal note, thank you for taking our master book and getting it copied. You have saved our staff countless numbers of hours - as you are well aware. Now the cemetery crew can begin with an accurate book which will be kept current by both the synagogue and cemetery staff.

Thank you again for all you have given to our community and congregation.

Sincerely,

Judy Parelman

I want you to thank you for your gift of a schematic of our Blue Ridge Cemetery. It was very thoughtful of you to provide us with this duplicate drawing that I know will prove very useful to us.

It was a pleasure meeting you and I am pleased that we were able to be of some assistance to you in the work that you were doing. It would certainly be wonderful if there were more community minded people that would devote some time to pulling together some of this needed and valuable information.

Thank you again. I look forword to seeing you again soon.

Dear Mrs. Seiders:

Your letter of March 30, 1993 addressed to the Jewish Federation of Greater Kansas City has been referred to me for response.

I am doing research on the Jewish burials and cemeteries in the Greater Kansas City area.

According to the information I have found, YETTA MARCUS died on 27 September 1916 at the age of 44. She was survived by her husband, Isaac Marcus, of 2303 Highland. She was born in 1872 in Russia. She is buried at Sheffield Cemetery.

ISAAC MARCUS died on 29 June 1931 at the age of 59. He lived at 714 East 8th Street. He was born on 4 July 1873 in Russia, the son of Moses Marcus. He is buried at Sheffield Cemetery [location of grave: Section BBA-Grave 46].

Sheffield Cemetery is located at 6200 Wilson, Kansas City, Missouri 64123, and their telephone number is (816) 231-6191.

At this time, I am conducting my research at Sheffield Cemetery and at the National Archives in Kansas City, and if I find any additional information I will forward it to you.

I hope this will be of help.

Sincerely,

Anita Loeb

Dear Anita,

Once again, I would like to share with you my gratitude and the gratitude of our congregation for all the work that you are doing toward the organization of the Jewish cemeteries, in particular Sheffield Cemetery. I recognize that it is an enormous amount of work, and your dedication is truly an inspiration to us all.

I regret that I was unable to attend the Rabbinical Association meeting at which you made your presentation. Thank you for sending me the information in the mail. I wish to add my words of appreciation for all of your hard work. May God give you the strength to see this project to its conclusion.

To Whom It May Concern:

This is a letter of unanimous support from the Rabbinical Association of Greater Kansas City for the project and endeavors of Mrs. Anita Loeb in her research on Jewish burials and cemeteries in Greater Kansas City. One of the goals of the project was chronicling at a central, master location, namely the JCC Campus, of all burials in cemeteries of the members of the Jewish faith in Greater Kansas City. This wonderful project does need financial support to simplify the entire process to help obtain a good working computer. It is our collective, mutual hope that Anita Loeb's project of researching Jewish burials in cemeteries in the Greater Kansas City area be brought to its completion in such a way that the entire community will be aided by the project. We, the rabbis of Greater Kansas City, encourage any support, financial or otherwise that can be given to this worthy project.

With every good wish, I remain

Sincerely,

Subject: KANSAS CITY SUCCESS STORY VIA JEWISH PAPER
Comments: To: Multiple recipients of JewishGen <sgjewish@trace.cgsg.com>

My months-long journey to re-establish contact with the DUCOV branch of my father's family reached a successful conclusion last night. Two weeks ago fellow Atlantan Gary Palgon was gracious enough to give me a beginner's tour of our local Mormon Family History Center. Using their computerized Social Security Death Index I located two sons of my gg-uncle both of whom died in Kansas City in the 1980's. With the help of those Jewishgenners who sent me the name/address of Kansas City's Jewish newspaper, I wrote to the editor asking if he could search for obituaries. The editor passed my letter along to Anita Loeb who has researched Kansas City Jewish burials. Her letter arrived yesterday and included three pages of family history plus contact information of surviving family members. I spoke with two of them last night. These relatives knew nothing about their Ducov ancestor's five sisters (one of whom was my ggrandmother) and their descendants about whom I know plenty. It's an incredible feeling to be able to re-connect members of this branch with the rest of us after so many years of isolation. My heartfelt thanks go out to Gary Palgon for introducing me to Jewishgen and our Atlanta FHC, Anita Loeb for her willingness to share her Kansas City research, and my Jewishgen family all over the world who never cease to amaze me with their willingness to help each other.

Arthur Brand, a distinguished and beloved community leader, discussed the project with me and recognized its historical value to the community. Through his encouragement, Robert Gast, executive director of the Jewish Federation of Greater Kansas City; Susan Goldsmith, executive director of the Jewish Community Foundation; and Alan Edelman, executive director of the Central Agency for Jewish Education, became involved.

The financial costs were becoming a substantial burden for me. I wanted the community to be aware of the nature of this project, and therefore sent out about two hundred personal letters to special people in the community outlining the goals of the project and asking for their help, which resulted in a generous response of interest, awareness and support.

Alan Edelman, executive director of the Central Agency for Jewish Education,* took my project under his wing, donated his personal printer for my use and coordinated the establishment of a not-for-profit cemetery project account through the Jewish Federation of Greater Kansas City, enabling contributors to receive a tax benefit for their donations.

Most importantly, the Central Agency for Jewish Education agreed to become the recipient of the records, files and data collected for this project upon its completion. Through his efforts, a grant was awarded from the Jewish Community Foundation for continuing research, which provided deeply-appreciated help.

I read many general histories of Kansas City, Missouri and materials by Jewish members of the community. Most important was *Roots in a Moving Stream* by Frank J. Adler, a monumental chronicle of the development of Temple B'nai Jehudah, which incorporated the history of the Jewish community of Kansas City from its beginnings.

I utilized many of the wonderful offerings included in the Missouri Valley Room of the Kansas City, Missouri Public Library.

Other helpful sources of information were:

Records of the Shalom Geriatric Center were not retained after five years and those currently on hand were not available to me; records of births at Menorah Hospital were confidential and also not available to me.

There are still "unmarked" graves (no headstones or markers) to memorialize the persons buried therein, and many graves where the exact locations are unknown.

Nothing ever turns out to be as simple as envisioned, and I soon realized that consideration also had to be given to Kansas City Jews who died in military service and were buried in military cemeteries throughout the world; Jews who were cremated; Jews who died in Kansas City and were buried in other cities; Jews who were important members of this community and moved to other areas where they were buried; Jews who were buried in non-Jewish cemeteries; and, unfortunately, those for whom I have not been able, after all these years of efforts, to find their burial places.

I have uncovered information about Jews who are buried in the following miscellaneous cemeteries in our community:

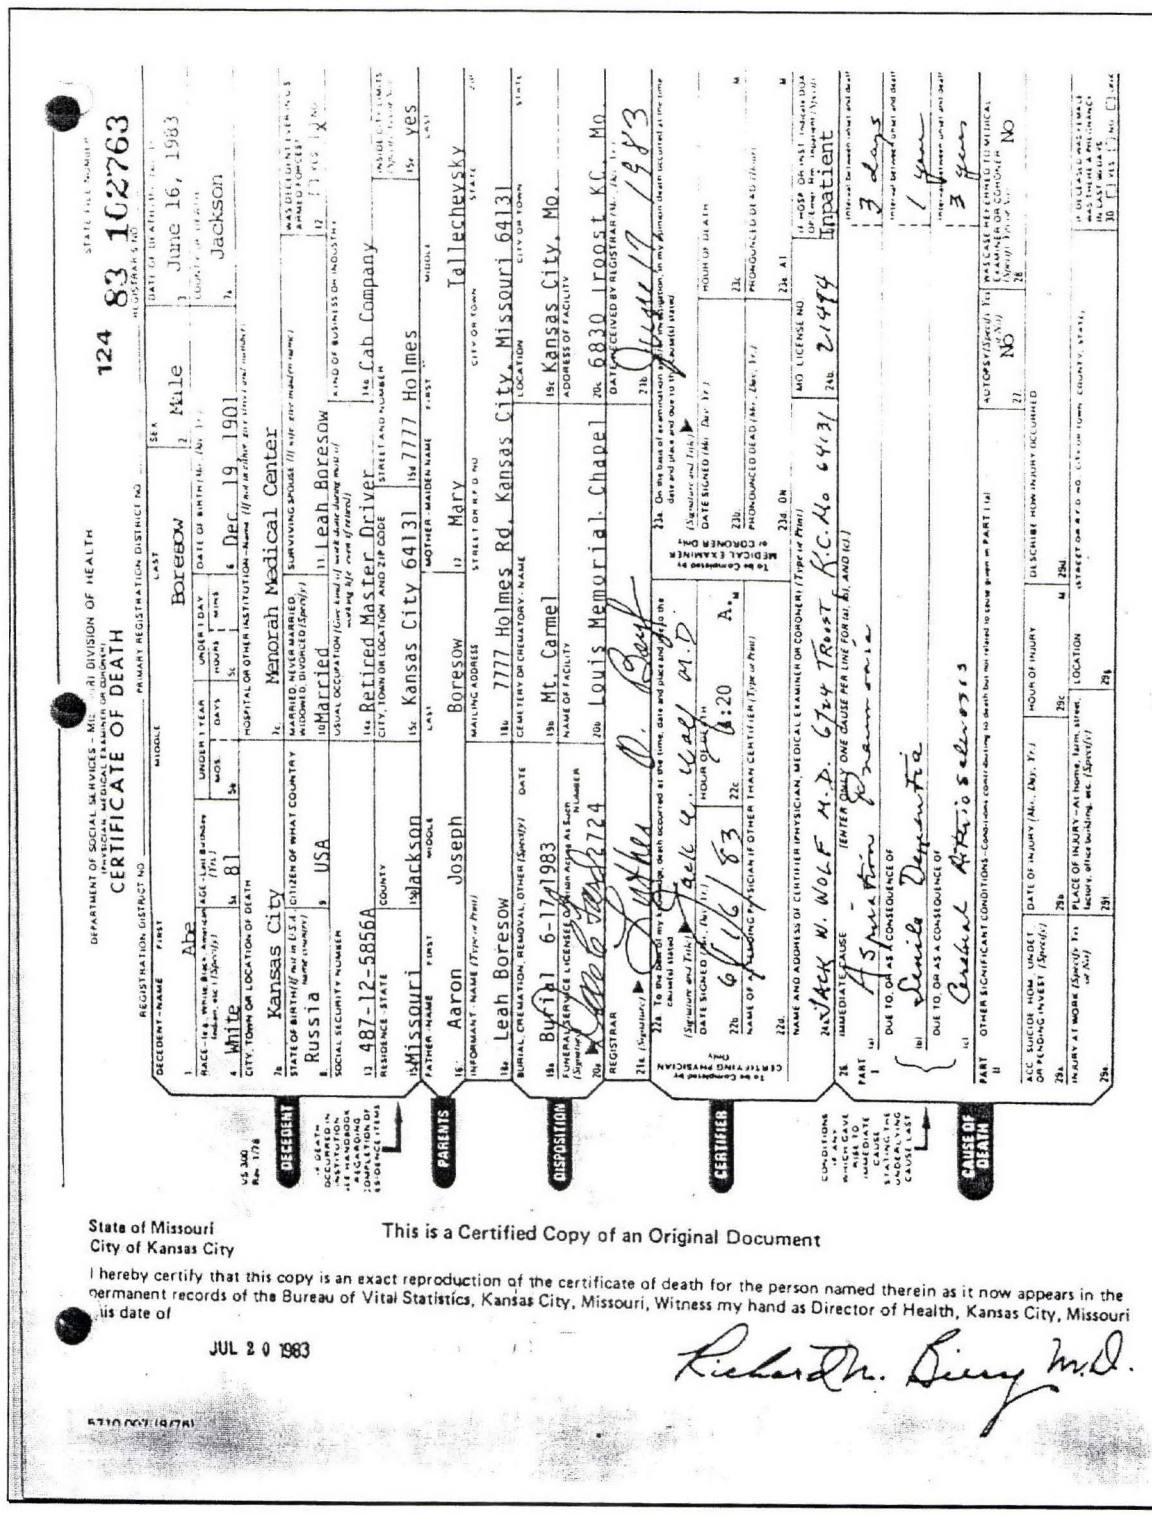

- Aubrey Cemetery
- Brookings Cemetery - 10003 East 53rd
- Calvary Catholic Cemetery - 6901 Troost

BACKGROUND

The major wave of immigration to the United States from Central Europe occurred after the failure of the German revolution of 1848. In 1840 there were about 15,000 Jews in the United States, and by 1860 another 50,000 Jews left Central Europe to settle in the new territories opened up by the Lewis & Clark Expedition and to claim the free land offered by the government of the United States of America, the land of golden opportunities.

In the 1840's, this area developed as WESTPORT LANDING. The TOWN OF KANSAS, MISSOURI was incorporated in 1850. A State Charter was granted in 1853 to the CITY OF KANSAS; and KANSAS CITY became the official name in 1889. There are records of Jews coming through Kansas City establishing trading posts with the Indians and settlers en route to the developing western and northern areas of the new country.

David Bowman, born in Bavaria, arrived in Weston, Missouri about 1845. Meyer Kayser and Moses Wolf, both from Germany, were in this area about 1854. Louis Cahn and E. Block opened a general store on the levee on the east side of Main Street in the late 1840's or early 1850's. M. Elmbach and E. J. Friedsen formed a retail clothing business about 1858.

By 1859 the city's population was 8,000. Its southern limit was 20th Street; only two thoroughfares were macadamized; there was a cornfield at 10th & Main Streets. The first issue of *The Kansas City Directory* was published for 1858-60 and sold for one dollar. Among the Jewish residents listed were Jacob Bowman, brick maker; Lewis (note spelling) Hammerslough at the Union Hotel; Henry F. Hyman, attorney; and Henry Miller, agent for Kraft & Hoffman.

As the Jewish community of Kansas City continued to develop, mostly in the northeast section of the city where Independence Avenue was the main street, small neighborhood synagogues were formed. The Jews prospered and moved further south (to Linwood Boulevard, Armour Boulevard, 39th Street, 63rd Street, Gregory Boulevard, 95th Street). The Jewish population in Kansas City, Kansas was estimated to be about 60 families in the early 1900's. Many Jews from St. Joseph, Missouri resettled to Kansas City. As the population shifted, the congregations continuously relocated and merged. (Remember, the majority of people in the early years of the century walked to their houses of worship.)

The following is a brief chronological record of the synagogues and cemeteries in Kansas City, reflecting conflicting names, spellings, dates and locations (all listings refer to the Greater Kansas City area unless otherwise identified):

B'NAI ISRAEL CEMETERY
Eudora, Kansas

A group of pioneer Jews settled in Eudora, Kansas, just west of Johnson County, Kansas, in the 1850's. Isidore Bernstein purchased two acres of land, which were then deeded to Charles Levy, David Urbansky and Samuel Frischman, trustees for B'nai Israel Cemetery (Cemetery of the Children of Israel) in Eudora, Kansas. The first burial was of Isaac Cohn, son of Asher L. and Sarah Cohn, who died in 1858. By 1928 there were 24 burials in this cemetery. The Jewish settlement in this area declined and the cemetery was not used for a number of years. It was restored by Beth Horon Lodge of B'nai B'rith in 1952, and the Lawrence Jewish Community Center has been the legal owner since 1978. Dr. Ludwig Fishbein was buried in the Eudora Cemetery. Born in Dartmund Horde, Westfalen, Germany, he arrived in Kansas City in 1938 where he practiced dentistry until his death on 02/21/1921.

HEBREW UNION CEMETERY

Sedalia, Missouri

The first Jewish resident of Sedalia, Missouri was Elias Laupheimer, who arrived from Wurtenburg, Germany in 1863. He was co-owner of a dry goods and grocery store. In 1868 a few Sedalia Jewish families formed the Sedalia Hebrew Union Congregation, and by 1882 its membership had reached 30. In 1871 they established the Hebrew Union Cemetery on South Grand, which contains about 180 burials. In 1932 Temple Beth-El was dedicated.

HEBREW BENEVOLENT SOCIETY

Jewish Benevolent Society

Eleven gentlemen gathered in 1863 to respond to one of the first felt needs of the newly-developing Jewish community in Kansas City: to form an association to provide for the Jewish burial needs.

This organization was called the Hebrew Benevolent Society (or the Jewish Benevolent Society). Its goals were the same as those outlined by other groups of Jewish men for centuries before, in communities large and small throughout the world. This Society provided a minyan of ten men to serve at a house of mourning. At the time the Hebrew Benevolent Society was formed, the total population of Kansas City was about 3,200.

Long before the advent of electric lights in our homes and businesses, paved roads with street lights, automobiles and our modern world of taken-for-granted conveniences, how were these men (none of whom appeared to have had architectural or engineering experience) able to visualize a location for a Jewish cemetery?

Imagine traveling to the many meetings necessary in horse-drawn carriages, where in gas-lit rooms they formulated plans for selecting a site, platting a cemetery, transporting necessary supplies and equipment to the site, determining policies for burials, markers, costs and the ongoing maintenance of the project, including who would keep records of the cemetery, pay for costs incurred and future costs.

It was truly an awesome responsibility which this visionary group of men assumed, and all of the Jews who have lived in Kansas City, the Jewish population of Greater Kansas City today and the generations yet to follow are deeply indebted to this handful of courageous, religious and civic-minded men whose actions paved the way for the perpetuation of these services for the Jewish population of Greater Kansas City.

THE JEWISH CEMETERY

18th & Lydia Cemetery

The Hebrew Benevolent Society met monthly in a storeroom and collected dues of fifty cents per member each month. By May of 1866 its membership had grown and sufficient funds had been accumulated to make possible the purchase of grounds for the first Jewish cemetery in Kansas City, known as The Jewish Cemetery or the 18th & Lydia Cemetery. One-eleventh of an acre of ground, bounded by Lydia and Virginia on the east and west, and Seventeenth and Eighteenth Streets on the north and south, in Lockridge's Addition, was purchased at a cost of $487.

The following officers were elected: president, Siegmund Benjamin; vice-president, Henry Miller; treasurer, Abraham Baer; recording secretary, Bruno Flersheim; and financial secretary, Herman Rosenthal. Charter members of the Hebrew Benevolent Society were:

Married Rachel Haar of Baltimore in 1866. Died 06/22/1903. Buried Elmwood H-91.
B. Meyer
Henry Miller, known as 'Judge', born in 1837 in Bavaria. Son of David Miller and Rosina Kann. Arrived in New York in 1856; to Winterset, Iowa; to K.C. on 05/26/1859. Considered 4th permanent Jewish resident of K.C. Operated a candy and cigar counter at the courthouse. Widower of Mary Szold. Died 02/02/1933, age 95. Burial Elmwood H-93.
B. Selling

Henry Miller served without pay as the first superintendent of the 18th & Lydia Cemetery. In 1867 Siegmund Benjamin, president, moved to Springfield, Illinois, and was replaced by Louis Hammerslough.

The 1860-61 edition of the *The Kansas City Directory* included Louis Hammerslough at the Union Hotel; Edward and Julius Hammerslough, both residing in Springfield, Illinois; and August Meyer, shoemaker.

Other prominent early settlers in this community were Joseph Lorie, Joseph Cahn and B. A. Feineman.

Joseph Lorie born 1844 in Bohemia; to Chicago in 1852; to K.C. in 1854. Married Laura Weil. Lived at 3930 Warwick Boulevard. Died 06/03/1927, age 83. Buried Elmwood H-57.

Benjamin Arnold (B A.) Feineman born 12/22/1830 in Bavaria; to U.S. in 1856. Lived in Kentucky and Iowa; to St. Joseph, Missouri in 1858, where he was founder and president of Adath Joseph Congregation. To K.C. in 1867. Married Bettie Hedwig. Lived at 1706 Linwood Boulevard. Died 11/11/1912, age 82. Buried Elmwood H-101.

Another young Jewish pioneer was Reuben N. Hershfield (Hershfeld), who served as the Lieutenant Colonel in charge of Fort Leavenworth, Kansas during the Civil War.

Reuben H. Hershfield born 03/01/1839 in Utica, New York. Enlisted in Federal Army at age 23. Settled in Leavenworth, Kansas after the Civil War. To K.C. about 1892. Was a jeweler. Died 06/25/1922, age 73. Buried Elmwood H-111.

Helena Baum, who died on 09/25/1866, was the first recorded Jewish burial in Kansas City. A resident of Pleasant Hill, Missouri, she died in a railroad accident, was buried in the 18th & Lydia Cemetery and was re-interred in 1872 in Elmwood H-RG-17.

The membership of the Jewish Benevolent Society provided the leadership for the first religious congregation in Kansas City, B'nai Jehudah (Sons of Judah), founded in 1868 with 23 members. Joseph Cahn served as its first president. The group rented the Masonic Hall at 4th and Walnut Street and the first services were conducted by Rabbi Marcus R. Cohen.

Rabbi Marcus R. Cohen, wife Julia. Died 09/12/1890. Buried Elmwood H-199.

In the 1870 edition of *The City Record*, under the heading of "Cemeteries," the following were listed: Union Cemetery, situated one mile west of city limits on the Westport road; Catholic Cemetery, between Eleventh and Twelfth streets, Pennsylvania Avenue and Jefferson; and Hebrew Cemetery, Lockridge's Addition, Eighteenth street, east of city limits.

B'nai Jehudah, a reform congregation, was chartered in June of 1873. Services were held in the Unitarian Church Building at 8th & Main, at 11th & Baltimore and in 1874 ground was purchased at 7th & Wyandotte. The congregation moved into a facility at this location in 1875; this was the first permanent structure of a Jewish religious congregation in Kansas City. By 1885, B'nai Jehudah had purchased a lot at 11th & Oak Streets, and the congregation remained at that location until it built a temple on the corner of Linwood Boulevard and Flora in 1903. The cornerstone for the new temple was laid on 11/04/1907; the dedication ceremony was held on 09/01/1908.

The expansion and growth of Kansas City and of the Jewish community clearly showed that the original choice of the location for the Jewish cemetery at 18th & Lydia would not adequately serve the continuing needs of the Jews in Kansas City. In 1871 the 18th & Lydia land was ceded to B'nai Jehudah, and the Hebrew Benevolent Society was dissolved.

PINE LAWN CEMETERY

Fort Scott, Kansas

The Pine Lawn Cemetery was founded in March, 1870 by the Hebrew Relief and Burial Society in Fort Scott, Kansas, across the road from the Evergreen Cemetery. This cemetery is unique because it has never been affiliated with a synagogue. As the Jewish population of Fort Scott diminished, the cemetery was deeded to the board of the Evergreen Cemetery in 1966.

ELMWOOD CEMETERY

On 09/09/1872 Elmwood Cemetery was consecrated as a privately-owned cemetery. Its 50 acres are bounded by 12th Street, Truman Road (formerly 15th Street), Elmwood Street and Van Brunt Boulevard. At the time of its consecration it was outside the city limits of Kansas City, Missouri.

Two acres of land at Elmwood, known as Section H, were purchased on 11/06/1872 by B'nai Jehudah. The $2,000 price for these two acres was satisfied by a cash payment of $200 and the trade-in of the original cemetery land at 18th & Lydia. The remains of the 37 interred bodies, with their markers, were transferred from The Jewish Cemetery to Section H of the Elmwood Cemetery.

The areas consecrated for Jewish burials in Elmwood were included in the cemetery's purchase in 1896 by the Elmwood Cemetery Association, to be preserved and perpetuated under a 999-year charter granted by the State of Missouri. By its warranty deed, the Elmwood Cemetery Association bound itself and its successors "forever" to extend to the B'nai Jehudah Congregation's sector the same quality of care as that given to the remainder of the cemetery. This stipulation was reaffirmed in 1898 by the Elmwood Cemetery Society, after it succeeded to the ownership of all the cemetery other than B'nai Jehudah's portion of two acres. The new cemetery was consecrated on Sunday, 11/24/1872.

For a number of years B'nai Jehudah's section of Elmwood provided burials for most of Kansas City's Jewish deceased. The congregation furnished a "Benevolent Committee" of volunteer members who attended to the traditional religious preparation of bodies for burial whenever called upon. Grave sites at Elmwood were made available to all Jews, without distinction as to affiliation or non-affiliation with any particular segment of the religious community. This practice has continually remained in effect, as has the original policy of rendering free burials for indigent dead at Elmwood.

There are five pre-Civil War Jewish settlers buried in Elmwood, all of whom were among the founders of B'nai Jehudah: Manheim Goldman, Herman Ganz, Louis Hammerslough, Bernard Ganz and Henry Miller.

Manheim Goldman born 05/16/1834 in Prussia; came to Liberty, Missouri in 1852; founded the Star Clothing Company. (He is considered the first permanent Jewish resident in the Kansas City area). His residence at 214 Mississippi Street in Liberty was dedicated in 1976 as an historical landmark. He served four years on Liberty's City Council and was elected mayor in 1894. Married Henrietta Beatus of Cincinnati. Died 03/19/1907, age 67. Buried Elmwood H-87.

By the publication of the 1870 edition of *The Kansas City Directory*, the record of Jewish-owned businesses and Jews residing in Kansas City was much more comprehensive, and included The Jewish Cemetery in Lockridge's Addition, noting that Joseph Cahn was president, H. Rosenthal was treasurer and L. Rothschild was secretary, the same officers as for The Jewish Cemetery, with an address at 804 Main Street.

In the 1873 edition of *The City Record*, the listings of Churches included: JEWISH - B'nai Jehudah - Rev. E. L. Hess. Main, northwest corner Eighth. K.K. Adat Israel Congregation - J. Kugel, Teacher and Reader - 424 Main. Hebrew Reform Church - Rev. W. Elss, Pastor, east side Main, between Sixth and Seventh. And under Cemeteries were listed: Jewish Cemetery, Lockridge's Addition. Joseph Cahn, President. H. Rosenthal, Treasurer. L. Rothschild, Secretary.

On 07/28/1893 Elmwood Cemetery was placed on the National Register of Historical Places. As of 12/31/1999 there were approximately 36,000 burials recorded in Elmwood.

MOUNT CARMEL CEMETERY
CHEBRA KADISHA SOCIETY
BIKUR BENEVOLENT SOCIETY & CEMETERY

In 1874 a group who had withdrawn from B'nai Jehudah organized a new group, known as Adat Israel. They formed Bikur Cholim Benevolent Association, which purchased land for a cemetery at 18th & Porter (now Cleveland) in 1882. They lost title to this property in 1894, and the interred were removed to a new location at 5529 Ditzler called Mount Carmel Cemetery.

The first officiating rabbi was Dr. Marcus R. Cohen, who had formerly been associated with B'nai Jehudah. Adat Israel was the forerunner of Congregation Beth Shalom.

Gomel Chesed was organized as a congregation in 1877, meeting in a rented room at 9th & Mulberry in Kansas City, Kansas under the leadership of Michael Levin. It acquired a building at 925 State Avenue. After being damaged in the major flood of 1903, services were held in the homes of Yeboach Werby and Barnett Cohen.

Henry (Yeboach) Werby born 03/17/1867 in Russia; to K.C. in 1888. Son of Samuel Werby. Widower of Rachel Leah Bloomgarten and Rose Bloomgarten. Lived at 8239 Forest. Died 04/17/1968, age 101. Buried Sheffield V-157.

Barnett Cohen a retail clothing merchant, lived at 418 Minnesota Avenue. Died 08/14/1911, age 42. Buried Sheffield B-19.

Listed in the 1877 *City Directory of Kansas City* was the Chebrah K'Dushah Society, Rev. M. R. Cohen, officiating minister and president.

Keneseth Israel joined with Etz-Chaim and Gomlai Chased, two orthodox groups, and hired Rabbi Benjamin Brachiah Mayerovitz to conduct services. By 1894 the group had attained organizational solidarity and received a state charter on 08/02/1894. They met in an upstairs hall at 25th & Grand, then at 17th & Grand.

A synagogue was built at 1431 Locust and by 1909 Keneseth Israel had over 100 members.

Early founders were Berry Dantzig, Abraham Denebeim and A. L. Askansas.

They owned two buildings: one at 4238 Prospect, with six classrooms, and one at 2704 Linwood Boulevard. The congregation rented facilities at the Ivanhoe Masonic Temple for several years. In May of 1951 a new building was dedicated at 800 Meyer Boulevard. Kehilath Israel acquired 10 acres at 108th and Nall for a school building, which was used for a few years before it was sold.

ROSE HILL CEMETERY

B'nai Jehudah purchased a ten-acre tract of farmland at 69th and Troost Avenue in 1921 (then the southern outskirts of Kansas City). Rose Hill Cemetery was dedicated on 10/09/1921.

The first interment in Rose Hill took place that same Sunday afternoon, with more than five hundred people accompanying the funeral cortege of Joseph Liebman, one of B'nai Jehudah's sons lost in World War I, as it proceeded from the temple to the new cemetery. An Honor Guard of the Joseph Liebman American Legion Post, named in his memory, participated in the service. The granite monument that was placed on Private Liebman's grave is the only one of its kind in the cemetery; all others are identified by simple, uniform bronze markers.

Alexander Rieger chaired the committee which selected the Rose Hill site, platted the cemetery and developed its initial landscaping scheme. Considerable further beautification of the grounds was accomplished when the Cemetery Committee was chaired by Lucian Rosenwald from 1924 to 1938.

It was used for funeral services until the completion of the Rose Hill Mausoleum with its own chapel in 1932. The mausoleum was only the third facility of its kind located in a Jewish cemetery in the United States at the time it was dedicated. It was built and initially managed by a privately-organized company, composed of members of B'nai Jehudah and headed by Herbert M. Woolf. Since 1941, the mausoleum has been under the management of the congregation.

BOARD OF UNITED SYNAGOGUES OF GREATER KANSAS CITY

The development of the Jewish community of Kansas City involved the formation, dissolution and merger of many congregations. Until 1920 there was no united orthodox Jewish group in the city. In July, 1920 the following citizens: I. Markowitz, Max Studna, H. Zukerman, J.L. Gandel, A. Hansberg and H. Werby, began to organize the community into a united body; the orthodox congregations united and elected the Board of United Synagogues of Greater Kansas City.

It had the authority to (1) elect and maintain a rabbi; (2) appoint schochtim or ministers for the purpose of practicing the Jewish method of slaughter of animals and fowl; (3) establish and maintain Jewish free schools for the purpose of instructing the children of the city in Judaism, the Hebrew language, history, literature and culture; and (4) supervise the social, philanthropic and educational Jewish institutions of the city. Rabbi Simon Glazer became the first spiritual leader of orthodox Jewry in Kansas City and was succeeded in December 1923 by Rabbi Jehudah Braver.

BETH TORAH CEMETERY

at Mount Moriah

Congregation Beth Torah was incorporated in April, 1988 and held worship services and religious school classes at the Indian Creek School, 4401 West 103rd Street, in the Indian Woods Middle School at 9700 Woodson Street and at the Jewish Community Campus at 5801 West 115th Street. Administrative offices were near 95th and Nall Avenue. First services in its new facility at 6100 West 127th Street were held on 09/21/1996. The new facility contains 31,000 square feet, including a sanctuary, classrooms and an administrative wing, and is accessible to people in wheelchairs. The cost of the new synagogue was $4 million dollars.

Beth Torah acquired a tract containing 200 cemetery spaces at Mount Moriah Cemetery South at 10507 Holmes in December, 1999. The chairman of the cemetery committee was Dr. Michael Blum. The first burial in the Beth Torah Cemetery was Alvin E. Robinow, who died on 12/25/1999.

FUNERAL HOMES

The Kansas City Directory in 1887 listed Eugene Carlat at 711 Main. Carlat Funeral Home handled many early Jewish burial arrangements (at a time when most services were held in the homes).

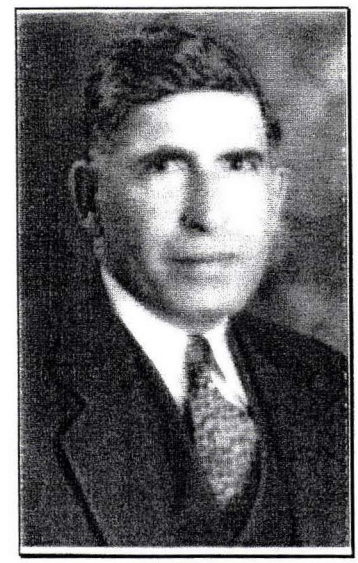

Subsequent issues of this publication included the following listings: E. Carlat & Sons at 711 Main, J.C. Duffy at 408 West 12th, E. Stine & Sons at 408 East 9th, J.W. Wagner at 1420 Grand Avenue and J.T. Welden at 1234 Walnut. In 1896 Carlat was located at 553 Main. In 1897 Carroll Undertaking Co. was shown at 1222 Walnut and Carlat at 609 Main. By 1898 the listings reflected the Carroll-Davidson Undertaking Co. at 1222 McGee and in 1905 Carroll-Davidson was listed at 1306 Grand Avenue. The Carroll-Davidson Undertaking Co. (noting the provision of a lady assistant and chapel) was located at 3013 Troost Avenue in 1911.

CARROLL-DAVIDSON UNDERTAKING COMPANY

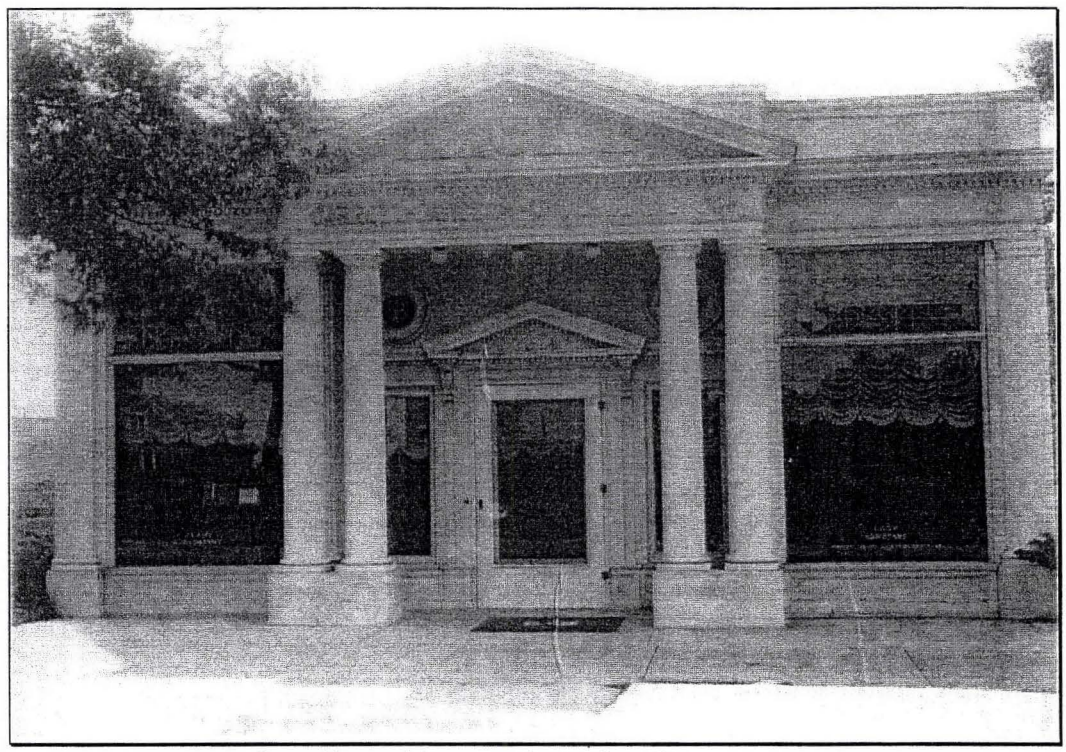

In May, 1910 the Carroll-Davidson Undertaking Company leased ground from Nathan Schloss at 3024 Troost Avenue for 99 years at a rental of $650 in gold per year, and built a brick building with garage at a cost of about $9,000. On April 23, 1919 the property was purchased by Julian K. Davidson, which voided the existing lease. In 1923 two small store buildings were erected to the south of the original building. Julian K. Davidson occupied the Troost Avenue location until his death in 1949.

J. P. LOUIS FUNERAL HOME

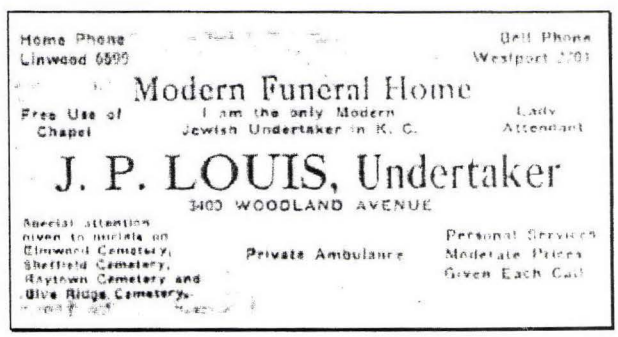

The name of J. P. Louis at 820 Independence Avenue was added to the listings of undertakers in the 1917 edition, and in 1919 Julius P. Louis at 716 the Paseo was shown. The listing read "Archard Louis at 3400 Woodland Avenue" in 1919; and in 1922 the listing was again Julius P. Louis.

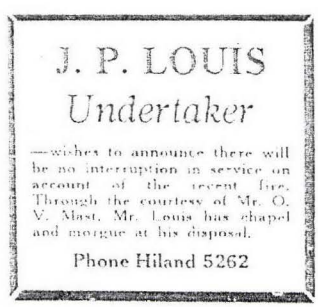

Jacob Louis (the great-grandfather of Stanley L. Louis, the proprietor of the Louis Memorial Chapel), was an active member of the Chevra Kadisha Society, which attended to the preparation, guarding and care of the deceased. He began as an undertaker in a storeroom on Independence Avenue.

His sons, Julius P. Louis and A. I. Louis, along with Michael Kasoi became the owners in 1916, and were soon succeeded by Julius P. Louis as the sole owner in a new location at 716 the Paseo, featuring a 7-passenger Peerless limousine (a major improvement over the horse-drawn coaches then in use).

In 1921 the business moved to 3400 Woodland. J.P. Louis retired in 1927 and his son Archard L. Louis became proprietor. After the tragic death of J.P. Louis in a car accident in 1931, the funeral home continued under the management of Archard and Gertrude Louis.

From the K.C. Jewish Chronicle 06/03/1921:

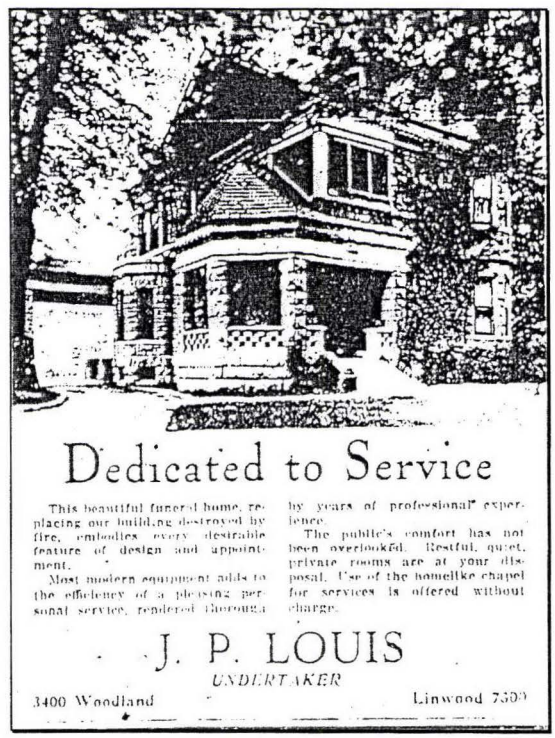

J. P. Louis Funeral Home

Upon his return from service in World War II, their son Jack J. Louis joined the business (until his death in 1970).
